Four N. Y. Police Officials Received \$2,400,000 Each Years, Says Witness

OFFER BECKER LENIENCY

No Effort to Punish Him for Murder if He Will Tell of Inner Workings

NEW YORK, July 30.—Sworn statements tending to show that the annual graft collected by high police officials in New York city from gambling houses and other illegal resorts has amounted, within the last year, to \$2,400,000, are in the hands of District Attorney Whitman tonight.

The statements were made to the district attorney today by "Bald Jack" Rose, self-acclaimed graft collector for Police Lieutenant Charles Becker, head of the "strong arm squad" who tonight began his second day of incarceration in the Tombs as an alleged instigator of the murder of Herman Rosenthal, the gambler.

This annual yield of \$2,400,000 protection money was equally divided according to the story told by Rose among four high officials of the police department, one of them being Becker, and from other evidence the district attorney has collected he had reason to suspect that each \$600,000 was further distributed. In other words there were four separate systems or bureaus of graft collection, each headed by a high police official.

Has Names of Other Officials. Mr. Whitman, it was learned, has the names of the other three police officials and his further efforts will be directed toward strengthening the evidence against them. One of the officials named, it was learned, holds a position at headquarters and is in a strict sense a civilian employee.

The name of a former prominent city official has been brought to the attention of the district attorney as having been closely connected with the "graft system," but it was learned that the evidence thus far obtained against him is not tangible. The evidence, however, is being closely followed by the detective in the employ of the district attorney.

It became known tonight that if Lieutenant Becker will tell all he knows, not only in respect to his own alleged complicity in the murder, but will unfold the inner workings of the graft system insofar as it may involve the "men higher up," no effort will be made to enforce the extreme penalty for the crime of which he now stands accused—the murder of Rosenthal—but he will be granted leniency on that condition only.

Rose Says Got Story From Becker. The alleged fact of the \$2,400,000 graft fund was told to him by Becker, Rose said, in a sworn statement today. Becker, he said, told him that he had died \$600,000 a year and that equal amounts were handled by three other officials. This, he said, came in collections from gambling houses, pool rooms, houses of ill repute and the like.

Part of the business between the gamblers and the police, the district attorney was told, was boldly done through checks, but his efforts to secure evidence in this form have proved fruitless.

"Bridge" Webber, the gambling house keeper, who has confessed, and whose story largely resulted in the arrest of Becker, promised Mr. Whitman, it was learned, to corroborate Rose's statement in regard to the collections. Incidentally, Webber told that \$2,000 was the sum which he received to pay the men who actually fired the shot that killed Rosenthal.

In regard to the murder itself, Rose told Mr. Whitman that the reason it was done so openly, and that no effort

(Continued on Page Three.)

Smia Bank, Controlled by Colo. Springs Men, Destroyed by Lightning

During what is said to be the worst electrical storm ever experienced in eastern Colorado, at 6 o'clock yesterday afternoon lightning struck the Smia State bank at Simla, about 70 miles east of this city, and burned it to the ground. The loss is estimated at about \$3,000, with \$1,000 insurance. Adolph Rehinger of this city is the principal stockholder in the bank, and Lee L. Stewart, also of Colorado Springs, are president and cashier, respectively.

No one was in the building when it was struck, Stewart having just left for supper. The fire was not discovered until some moments later, and it had gained such headway that it was impossible for the volunteer firemen to enter the building. After vainly fighting the flames for some time, the men turned their attention to surrounding buildings, which were in danger, and kept them wet enough to prevent their ignition.

PETITIONS SIGNED BY PEOPLE ALL CLASSES In Neighborhood 1,500 Enroll in One Day Under Banners of Stewart, Griffith and Vincent; Rolls Still Open

Petitions for signatures will be on file in The Gazette business office again today, and Progressive Republicans, or citizens in favor of the fight against the machine, are asked to call and sign them—it will not cost you one cent, and will take only a minute of your time.

When Philip B. Stewart was advised as to the manner in which the people responded to the call for signatures yesterday, he authorized his headquarters to make this statement to the people:

"Tell the good people of Colorado Springs I thank them a thousand times for myself and on behalf of Mr. Griffith and Mr. Vincent, who are soldiers in the ranks with me in this campaign for the people. I will be pleased to be with them next Monday evening at the big rally, and want every voter of clean government to be there. We will not mince matters in our speeches, for this is the year when the heretofore forgotten man is going to have his inning. I want to meet them all."

Call and sign the petitions do your part in the great battle going on all over the country to restore to Republicans their party and to the people their government.

Come any hour of the day or up to 9 o'clock at night. The petitions are ready for your signature in The Gazette business office.

The magnificent response of the voters of the city of Colorado Springs to the appeal made in yesterday's Gazette for signatures to the petitions of Stewart, Vincent and Griffith, is the positive proof of prevailing sentiment. To argue against such a spontaneous spirit would be like trying to keep back the tides of the ocean with a pitchfork.

In the words of Mr. Stewart: "This is the year when the heretofore forgotten man has his inning." In other words, it is the year when the voters are not the machine leaders will control the political affairs.

Two notaries public were kept busy, and in the neighborhood of 1,500 signatures were placed on record at The Gazette office yesterday for a clean, honest government. This is undoubtedly the most astonishing proof of sentiment that has materialized since the rising of the people in Denver last spring, when the machine was treated to a surprise that made the people of the entire state take notice.

PROGRESSIVE REPUBLICAN QUARTERS IN BARNES BLDG.

The campaign "inside the party—outside the machine" for the nomination at the Republican primaries of candidates for county and judicial offices who stand for the people and not for the bosses will begin in earnest this morning with the opening of permanent headquarters by the Progressive Republican Club of El Paso county.

The headquarters will be located in suite 16, Barnes building, and will be the center of an aggressive battle in behalf of genuinely popular government, free from corporation control, in which every Republican in El Paso county—and every Democrat, for that matter, who realizes what this movement stands for—is earnestly urged to take a personal part.

Volunteer workers are needed, men and women who understand that this is their battle and who are willing to get on the firing line and everyone interested in the Progressive Republican movement and willing to do his or her share toward its success is requested to come to headquarters at the earliest possible moment and become acquainted with the work to be done.

BATTLE ON CLOSE TO MEXICO CITY

MEXICO CITY, July 30.—A battle between federalists and rebels has been raging for three days and still is in progress 45 miles from here, according to meager reports. Details are lacking, but the federal loss has been reported variously from 50 to several times that number. A reported attempt of the rebels to cut through federal lines and march upon this city could not be confirmed tonight.

Several detachments of troops have been called here and today were sent out on armored trains. Several hundred infantrymen with machine guns also have been sent from here.

The battle seems, as reported, to be between Mexico City and Toluca, capital of the state of Mexico. The fight is described as varying from the skirmishing stage to fighting with drawn battle lines.

WILL CONTINUE DISARMAMENT

OROZCO REPLIES INDIRECTLY TO KNOX

U. S. Secretary of States Repeats Warning to Mexican President and Rebels

MEXICO, July 30.—General Pascual Orozco, commander-in-chief of the Mexican rebels, late today gave an answer to the demands made on him by Secretary Knox regarding the raids on American properties, particularly relating to the ensuing Mexican colony situation. While the rebel leaders' remarks were not directed at the United States official's message, they came as an answer to the points contained in the message from Washington. Orozco yesterday had given out a strong announcement that he had sanctioned the disarmament of the American settlers in the Casas Grandes district. Today he did not hedge.

"We intend to disarm every foreigner living in the zones dominated by the revolutionary party if it will enable us to gain the means to liberate Mexico," U. Madero, General Orozco declared today. "But, at the same time we will afford foreigners every protection, regardless of their sympathies or affiliations, for their homes and families. We do not contemplate killing anyone except in open warfare. We are not savages."

Denies Offering Any Indignities.

"Reports are current to the effect that our soldiers entered the homes of foreigners living in Colonia Dublan and Colonia Juarez and heaped indignities upon women and children. These charges I deny in the strongest manner possible. General Salazar requested representatives of the Mexicans in those places to meet with him, which was done, and General Salazar made demands for all arms and ammunition in the colonies, demands which the colonists acceded to without resistance. There was no violence, no indignities, offered anyone, nor will there be any unless the foreigners bring it upon themselves."

Refuses Poorly Housed.

EL PASO, Tex., July 30.—With still another train of refugees from the Mormon colonies due here early tomorrow, the 1,000 refugees, mostly women and children, are none too well housed

(Continued on Page Three.)

THREE NOMINATED WITHOUT CONSENT

Morris, Sheafor and Little, Designated by Assembly, Say Will Not Accept

The Republican assembly for the Fourth judicial district met at the court house yesterday afternoon, designated six candidates for district judge and two for district attorney, to be voted on at the Republican primaries September 10, and adjourned. No resolutions were passed, and the delegates, aware of the disfavor with which their action would be viewed by the rank and file of the Republican party in Colorado, got through with their disagreeable duty as quickly as possible.

Those designated are as follows: For district judge—W. S. Morris, J. W. Sheafor (both incumbents), J. E. Little (present county judge) and James R. Moore, all of Colorado Springs; Fred L. Shaw of Cripple Creek and A. E. Bove of Cheyenne Wells, Cheyenne county.

For district attorney—Willis L. Strachan of Colorado Springs and E. J. Boughton of Cripple Creek.

Of the six named for district judge, the three who received the high vote in the assembly—J. W. Sheafor, W. S. Morris and J. E. Little—will refuse the "acid test" designation and will continue to circulate their petitions.

"I didn't know that I had been designated as a candidate for the district bench until after the assembly had adjourned," said Judge Morris last night. "I will refuse to accept the endorsement of the assembly, and will continue to circulate my petition. Of course, before the assembly met I heard that my name had been mentioned, but I did not know that it would be presented. I consider the vote I received in the assembly merely a voluntary compliment of my friends in the assembly."

Talks Along Same Lines.

Judge Sheafor made about the same statement. He said: "I did not know that my name had been placed before the assembly until after the adjournment, and I consider the votes cast for me merely as a complimentary vote—an endorsement, as it were. I intend to continue circulating my petition and to refuse the endorsement of the assembly."

"I intend to pay no attention to the designation of the assembly," said Judge Little. "Aside from rumors, which one can always hear, I know nothing of the designation until after the adjournment of the delegates. My petition is about half filled, and I intend to continue getting signatures and to go into the primaries by this means."

Both Strachan and Boughton went into the assembly seeking the designation for the office of district attorney. The other candidates are Junius F. Canby and J. E. Bove.

(Continued on Page Three.)

U. S. LOOKING OUT FOR ANY DANGER

No Foreign Country Shall Establish Naval Base at Magdalena Bay Without Protest

WASHINGTON, July 30.—The vigor of the terms that the senate shall use in declaring that no foreign country shall establish a naval base at Magdalena bay, or at any other point on the American continent, will be the subject of consideration tomorrow by the foreign affairs committee of the senate. Senator Lodge, as chairman of the subcommittee that investigated the matter of a Japanese purchase of 1,000,000 acres of land on Magdalena bay, will make a formal report tomorrow to the foreign affairs committee, recommending that the United States reaffirm the policy known as the Monroe doctrine in terms that cannot be misunderstood by any foreign power.

It is understood that the subcommittee, headed by Senator Lodge, has found no evidence of the intention of the Japanese government with the attempted purchase of the big tract of land in Mexico.

To make the position of the United States clear, however, the majority of the committee will propose that congress declare that this nation will not permit, without a protest, the establishment of any foreign power at a point where it could threaten or endanger the safety of the United States.

It is understood that the subcommittee, headed by Senator Lodge, has found no evidence of the intention of the Japanese government with the attempted purchase of the big tract of land in Mexico.

TAFT REPUBLICANS BOLT IN NEBRASKA

LINCOLN, Neb., July 30.—Republicans of Nebraska parted company today, holding two distinct conventions, adopting opposite declarations of principles, selecting two state committees, and paying the way for two state tickets.

The break came after the searing of the executive committee of the old state committee of a majority of the Progressive delegates whose seats had been contested by followers of President Taft. This action gave the Roosevelt Progressive faction control of the convention.

The Progressives thereupon selected Governor Aldrich chairman, and one of his first rulings was to declare out of order a resolution declaring the right of Republicanism (fidelity to the national ticket).

The ruling caused an uproar and protests, and when Chairman Aldrich insisted on adhering to it, Taft delegates to the number of about 150 left the hall to the accompaniment of jeers and cheering by the Progressives.

Following the split, the proceedings in the main convention went through with a rush. The resolutions adopted by the Progressives are silent as to national and state candidates.

The bolting Taft delegates marched to another building and organized a new convention. They elected a new state committee. This committee was empowered to fill all vacancies on the state ticket, which means, according to those present, that a second set of Republican nominees will be put in the field by petition.

MAY DIVERT FLOOD RELIEF FUND TO USE OF REFUGEES

Efforts by War Department to Have \$100,000 Unexpended Balance Spent for Americans From Mexico

WASHINGTON, July 30.—Efforts are being made by the war department to have the \$100,000 unexpended balance of money appropriated for the Mississippi flood sufferers diverted by congress for use in relief of the American refugees now pouring into El Paso from Mexico. The army already has aided the sufferers by dispatching tents for temporary shelter. Orders have been issued to send tents for 1,000 people immediately from St. Louis, Mo. It will be about three days before the consignment reaches El Paso.

WANT ARCHBALD TO RETIRE

Senators Who Demand Quick Trial of Jurist Would Have Him Off Bench Until Case Is Heard

WASHINGTON, July 30.—A movement is on foot among senators who are demanding an immediate trial for Judge Archbald, to require as a condition to the postponement of the case that the jurist retire from the commerce court bench until his case has been decided. A vote on the question of postponement is expected either Thursday or Saturday. The informal discussion of the senate not to recognize "pairs" between senators in votes taken on the case has resulted in the cancellation of out-of-town engagements by senators. Senators Clapp and Brewster, who were to take part in the Kansas primary campaign, have abandoned their proposed trip.

DENVER MAN NOMINATED

LITTLETON, July 30.—Rice W. Means of Denver was nominated for congressman from the first congressional district at the Republican convention held here today. There were 12 delegates in attendance. Nathan L. Bush of Greeley was chairman.

BANDITS MAKE DARING JAIL BREAK

Leaders of Notorious "Hole in Wall" Gang Escape From Craig, Colorado

MEET FRIENDS OUTSIDE TOWN

One Hundred Citizens, Heavily Armed, Arc in Close Pursuit of Men

At 10 o'clock tonight it was reported here that two of the outlaws had been sighted and a battle is thought to be in progress. The country through which the pursuit is being made is exceedingly rough. If the desperadoes succeed in reaching the "Hole in the Wall" the rendezvous from which the gang takes its name, they will be captured only after a bloody encounter.

Captured After Hard Fight July 12.

Sartelle and Franzen were captured July 12 near here after holding the sheriff's posse at bay for five hours. It is generally believed that Sartelle and Franzen submitted to capture only after the other members of the gang had escaped and a plan tentatively formed to effect their escape from jail.

The escape of the three desperadoes was not discovered for approximately an hour. In some manner unknown to the guards at the jail, a saw and some files were smuggled to the prisoners. A hole was sawed in the wooden floor of the little jail and a tunnel dug under the foundation. The saw and files were found on the floor of the jail. All three prisoners were shackled, but the hands about their legs had been severed with the files. The escape was made about 7:30 o'clock this morning while the jail attendant was taking the breakfast dishes away.

Met Outside Town by Comrades. The three men made their way to the outskirts of the town unnoticed. There they were joined by 12 other members of the gang, all mounted, and with three extra horses to accommodate the prisoners.

As soon as the escape was discovered, a posse, hurriedly organized and heavily armed, started in pursuit. The gang is making desperate efforts to reach the "Hole in the Wall" where, it is said, sufficient provisions have been stored to withstand a siege for days, or weeks if necessary. The rendezvous is almost inaccessible, and is located just across the boundary line of Colorado and Wyoming.

Comstock a Former Convict.

Comstock is a former convict, having served five years in the penitentiary at Rawlins, Wyo., for horse stealing. He was released recently, and within a few days was again taken into custody, charged with horse stealing.

He broke jail at Meador, and when captured later was taken to Craig. He is not believed to have been a member of the gang headed by Sartelle and Franzen until this time.

Sartelle and Franzen are believed to be the bandits who recently robbed three banks in Wyoming. The "Hole in the Wall" gang has terrorized western Colorado and eastern Wyoming for years, defying capture and making periodical raids upon stock raising in the vicinity. Since the capture of Sartelle and Franzen have been shackled in the jail and an extra guard placed around to prevent an attempt upon the part of their companions to rescue them.

New Railway Order Will Affect Employees When Off Duty As Well As When On

NEW YORK, July 30.—As a result of an investigation conducted by the management of the Delaware, Lackawanna & Western railway, following the recent wreck at Corning, N. Y., an order was issued today to the employees of the transportation service forbidding the use of intoxicants either while off or on duty.

They are prohibited from using their time while off duty in any manner that may unfit them for the safe, prompt and efficient performance of their duties. This rule applies particularly to men who might spend their time off playing cards.

INCREASES CAPITAL STOCK

SAN FRANCISCO, July 30.—The capital stock of the Standard Oil company of California was increased from \$25,000,000 to \$30,000,000 at a special meeting of the stockholders here today.

The proceeds of the sale of the new stock will be used in liquidating the recent indebtedness of the company to the Standard Oil company of New Jersey, about \$12,000,000.

OUR BIG JULY CLEARANCE SALE

Men's and Young Men's Suits

These lots are made only by such firms as Hart, Schaffner & Marx, Kuppenheimers, The Clothcraft Co. and W. S. Peck. Your choice of any suit in our store worth up to \$27.50, \$30.00 and \$35.00, none reserved; all blacks and blues included; over 300 suits to select from; regulars, longs and stouts. BARGAINS IN FURNISHINGS
25 dozen Men's Peroknit Shirts and Drawers, regular 50c grades; all sizes; sale price, **40c** each; per suit **75c**

500 FEDERAL TROOPS DEFEATED BY REBELS

CASAS GRANDES, Chihuahua, Mex., July 30.—Federal forces, attempting to help in the rebels here and at Juarez, suffered their first defeat yesterday. Couriers coming overland from Ojitos, 50 miles west of here, declare the rebels who left here last week met and defeated the federals under Gen. Jose de la Luz Blanco. General Blanco is said to have had only 500 men, while the rebels numbered 2,000. The messengers said that Blanco's forces were driven back toward the Sonora state line to join General San Jines, who is advancing with the main body of federals.

Particulars of the battle are lacking; the couriers leaving before an organized investigation of the losses was made. Fighting continued all through yesterday, the federals retreating under cover of night.

2,000 Seasoned Regulars.
It was reported to rebel leaders here today that the main force of rebels moving from the south had reached Temosachio, 30 miles south of Madera. The federals are reported to number 2,000 seasoned regulars, led by General Rabeago and Telles. As the rebel garrison at Madera numbers no more than that, and as this town practically was evacuated by the movement against General Blanco, it is probable that the federals will enter this district without an engagement. Eight hundred rebels are operating along the National railway between Juarez and Gallego, opposite this point. The Juarez garrison has been strengthened to 800 men by the movement of troops from here yesterday.

Will Give Federals Most Men.

When the army led by General San Jines crosses the Chihuahua line, the federal troops will outnumber the rebels in Chihuahua greatly.

Still another army of federals is moving along the line of the National railway from the City of Chihuahua. The federals have suffered delay by having to remove the construction crew from its northern progress to repair the railway south of Chihuahua, which was destroyed by the dashing raid of 200 rebels into the federal territory. Nearly 2,000 laborers are in the construction crew, and they are guarded by 1,500 soldiers.

APPRISING HARRIMAN

ESTATE AS FAST AS CAN

ALBANY, N. Y., July 30.—The proceedings attending the appraisal of the estate of E. H. Harriman are being pushed with all possible speed by the state officials in charge of the tax department and it is expected that the work will be completed in September. The estate has already made a tentative payment of \$75,000 for the purpose of getting the five per cent rebate allowed under the transfer tax act but it is estimated that the final settlement will net the state about \$2,000,000. The estate is one of four that will pay large sums into the state treasury within a few months.

The aggregate value of these estates

Hat Pins of Sterling Silver—Twenty-Five Cents

Here's a genuine bargain in a hat pin that every woman should appreciate. The pins are of handsome finish, with a flower design. Their attractive appearance gives no hint of the remarkably low price at which they are sold. Just the thing to wear on outings or picnics.

To be alone when no one is with you,

It is a Hanged Sight More Considerate of Your Purse and Your Health to Get into the Swim and Burn Gas Like Other Folks.

Everybody Needs a Gas Range and **WATER HEATER** The Gas Co.

PRICE AGREEMENTS MOST SERIOUS INFLUENCES TO INCREASE COST LIVING

WASHINGTON, July 30.—Senator Burton of Ohio explained to the senate today the reasons which he holds responsible for the present high cost of living. The manifest and important causes, he said, were the phenomenal progress of recent years, the striking inequality of this progress in different lines of human endeavor and the tendencies to extravagance and waste and to diminished productive energy by a large part of the population.

"Neither the Payne-Aldrich tariff law or any other similar measure was responsible for the general high prices," he declared, "for the variations in prices have been so very considerable both in the way of increase and decrease as to disprove any inference that the change in prices has been due to the tariff of 1908 or to any other tariff act."

He exonerated the "trusts and large combinations of capital" declaring that a complete monopoly in any particular articles affords a chance to increase its price, but that the same result is apparent when separate producers maintain an agreement as to prices.

"One of the serious influences tending to increase prices," he asserted, "is that of price agreements of various sorts. It was one of the purposes of the Sherman antitrust act to prevent practices of this sort; however, there can be little doubt that in fact this practice still continues."

Hiding Behind Patent Right.

Another "device" now resorted to to eliminate competition, he declared, was that of the "hiding behind the patent right." He referred to a recent supreme court decision under which the user of a patented article may be required to buy supplies of a certain make and pay the price imposed.

In regard to the progress of the age as a factor in high prices, Senator Burton said that "the conveniences and luxuries of one generation are regarded as necessities in the next. Even a humble standard of living is made possible which is beyond the fondest hope of the fathers of generations that have scarcely passed away."

Better homes, food and clothing, the desire for a wider outlook, which is afforded by a higher education and an insistent demand for leisure and amusement; were elements, he said, which were adding to the burden of life on the cost side, although aiding it in many other ways. He quoted figures showing a marked increase in the consumption of staple articles such as cotton, corn, sugar and so on, and then added that expenditures for luxuries showed a much higher percentage of increase.

The rapidly growing cost of government—national, state and municipal—was adding to the cost of life, he said; that expenditure of the federal government having increased 122 per cent from 1890 to 1910.

Cost of Land and Sea Defense.

"To these must be added," Senator Burton continued, "the oppressive burden of military and naval armaments, now involving a cost to the civilized nations of two billion dollars a year, an economic waste which imposes an almost unendurable burden upon the world's resources."

"The expense of the naval establishment of the United States for the year 1890 was \$22,000,000; in 1910 it was \$123,173,717."

As to increase in municipal taxation rates, he quoted from New York statistics showing that the per capita tax rate there had increased 71 per cent from 1890 to 1910.

Speaking of the unequal progress in the different lines of endeavor that supply human wants, Senator Burton said that "it is evident that science working through invention and improved methods, has not accomplished the same result in agriculture as in manufacture. Although considerable progress has been made in the transportation of agricultural products to the market and in preserving them for use, these pertain to transportation and to the middleman rather than to the original producers. Improvements in agricultural implements have been very considerable, but have wrought no revolution such as has been manifest in many processes of manufacture."

The diminishing supply of lumber in the face of insatiable demand, he continued, has caused a rapid and continuous increase in the price of products of the forest.

As to extravagance and waste, he declared that it was the inevitable tendency in every progressive era.

None of the sewage of Berlin is allowed to empty into the river or canals of that city. It is all pumped through large pipes to the city sewage farms.

PITNEY RECEIVES TELEGRAM

MORRISTOWN, N. J., July 30.—United States Supreme Court Justice Mahlon Pitney today received a telegram from Gov. W. R. Stubbs of Kansas in which he asks that Justice Pitney hurry the decision in the application for a writ of error in the Kansas election fight so that the printing of the ballots will not be delayed beyond Friday of this week. The primary day in Kansas is next Tuesday. Justice Pitney replied that he would do his best to secure prompt action when the case came up on Thursday.

DENVER PASTOR APOLOGIZES

ROCKFORD, Ill., July 30.—Rev. G. A. Young, pastor of the Swedish church of Denver, last night gave a public apology to the congregation of the local Swedish church for his recent criticism of Rev. Gust F. Johnson who is president of the Swedish church conference.

EXCURSION BOAT SINKS

BOSTON, July 30.—The bow of the steamer City of Rockland, sailing from the Kennebec river to this port with 200 vacationists, was stove in so badly in a collision today with the steam collier William Chisholm of New York that she sank to the guards.

The passengers were transferred to the Chisholm, but one of the boats was upended, en route, spilling 20 women into the sea. All were rescued. Late the westbound steamer Belfast took the passengers off the collier and landed them here.

Any person past the age of 16 year who wishes to dance at Dodge City must pay the city \$1 a year. The city commissioners met not long ago and passed an ordinance providing for a license fee of \$1 from all dancers, and further providing that no person under the age of 16 can attend a dance unless accompanied by a parent or guardian.

BRITISH INQUIRY COURT GIVES TITANIC JUDGEMENT

Collision With Iceberg Due to Excessive Speed—Clears Ismay and Sir Cosmo Duff-Gordon

LONDON, July 30.—The judgment of the British board of trade court of inquiry into the disaster to the White Star liner Titanic, which sank in mid-ocean with 1,517 souls after collision with an iceberg on April 14, was pronounced today by Lord Mersey, the presiding judge, before a large audience.

The court finds that the collision with the iceberg was due to excessive speed at which the Titanic was navigating without proper watch, that the ship's boats were properly lowered, but that arrangements for manning them were insufficient; that the Leyland liner Californian might have reached the Titanic if she had attempted to do so; that the track followed was reasonably safe with proper vigilance and that there was no discrimination against third class passengers in the saving of life.

The court of inquiry exonerates J. Bruce Ismay, chairman and managing director of the White Star line and Sir Cosmo Duff-Gordon, one of the passengers, from any charges of improper conduct.

The judgment recommends more watertight compartments in seagoing ships, the provision of lifeboats for all on board and more efficient drills of the crew as well as better lookout.

Lord Mersey's judgment is a formal legal document giving the history of the voyage and of the disaster, while the finding and recommendations of the court extend to great length. Much of the judgment is technical. In it there was no argument and no direct

FINANCIAL STATEMENT OF U. S. STEEL CORPORATION

NEW YORK, July 30.—The financial statement of the United States Steel corporation for the second quarter of the current year, ending June 30, was made public today. Earnings for the quarter totaled \$25,102,265 after deducting all expenses, amounted to \$18,429,284.

After deducting interest for the quarter on outstanding bond and payment of the regular dividends on the preferred and common shares, there is left a surplus for the quarter of \$56,453.

Small as this surplus is, it compares most favorably with the showing in the quarter immediately preceding, when only a small part of the common dividend was earned, and it became necessary to take the greater part of the \$6,354,000 from the undivided surplus reported at the end of 1911.

Total earnings for the second quarter are greater than those of the first by \$7,275,292, while net earnings, or income, increased by \$6,320,879.

CHANGES IN GRAIN SUPPLIES

NEW YORK, July 30.—Special cable and telegraphic communications received by Bradstreet's show the following changes in available supplies of grain as compared with previous account.

Available supplies wheat increased 171,000 bushels.
United States west of Rockies decreased 280,000.
Canada decreased 777,000.
Total United States and Canada decreased 955,000.
Afloat for and in Europe decreased \$80,000.
Total American and European supply decreased 1,755,000.
Corn, United States and Canada, decreased 1,056,000.

HUNT MAN FOR ASSAULT

GRAND JUNCTION, Colo., July 30.—David Thompson, against whom serious charges have been preferred by three high school girls of Glenwood Springs, is believed to be in hiding in Grand Junction, and officers expect his arrest soon. Thompson is charged with having lured the girls to a house in the suburbs, where he kept them prisoners for several days. One of his victims is in a serious condition.

DENY WRECK REPORT

SALT LAKE CITY, July 30.—Reports early this morning that several persons were seriously injured in a collision of a Union Pacific passenger train with a freight train near Green River, Wyo., were denied by railroad officials today.

DEATH REPORTS IN DENVER MUST BE MADE MORE PROMPT

DENVER, July 30.—The health department at the city hall is determined that physicians must report deaths more promptly in future. A list of 26 came in yesterday, more than ever were reported in a single day before, and making an average of over eight each day for the three days included between the earliest and latest in the list.

In the deaths reported yesterday were included the following: Consumption, 6; old age, 3; typhoid, 2; gastro-enteritis, 2; bronchitis, pneumonia, 2; at birth, 1; heart disease, 1; peritonitis, 1; appendicitis, 1; asthma, 1; rheumatism of brain, 1; gunshot, 1; auto accident, 1; whooping cough, 1; pneumonia, 1; other case, 1.

GIRLS RISK LIVES TO GAZE FROM DIZZY HEIGHTS.

Photograph of Miss May Phillips and her girl friend standing on a shaky scaffold in one of the miniature domes at the top of the new Woolworth building, now the highest building in New York, more than 200 feet above Broadway. In order to gain the distinction of being the first women to gaze over the great city, the surrounding country and ocean, it was necessary for the girls to ascend thirteen floors on make-shift workmen's elevators, after which they had to climb the remaining sixteen stories by means of slender ladders.

EVANS MAY TAKE STAND

DENVER, July 30.—It was thought probable, tonight, that William G. Evans, head of the Denver City Tramway company, who is charged with constructive contempt of court, will be placed on the witness stand in his own defense, tomorrow. A jury is hearing evidence to determine whether Evans is owner of, or financially interested in, a local newspaper in which the alleged articles of contempt appeared. The prosecution closed its case tonight. Robert W. Speer, former mayor, and ostensible owner of the paper, testified today that he secured the newspaper without the payment of a cent in cash. A mortgage for \$50,000, secured by notes on bonds of the paper, was given, he testified.

ELECTORS RESIGN BECAUSE WON'T SUPPORT TAFT TICKET

MADISON, Wis., July 30.—Col. John Hicks of Oshkosh today asked Secretary of State Frear to whom he should resign as Republican presidential elector. Colonel Hicks asked that the matter be made clear because a "large number of electors regularly appointed today resign because they are not in harmony with the Taft ticket."

Secretary Frear referred the matter to the attorney general.

KATMAI STILL SMOKING

SEATTLE, Wash., July 30.—Mail advices received from Seward, Alaska, say Katmai volcano, which was in violent action June 4, is still emitting dense clouds of smoke and to which is ascribed the cloud, weather which has prevailed in southwestern Alaska since the first outbreak.

AUTO HIT BY A LOW TREE; GIRL IS KILLED

Five Other Roswell, N. M., People Badly Hurt in Peculiar Accident. Fire Chief's Daughter Victim

ROSWELL, N. M., July 30.—Lorene Whitman, 13 years old, daughter of Fire Chief Whitman, was instantly killed, two persons fatally injured, and three others seriously hurt this evening in an automobile accident in "Lovers' Lane," just east of Roswell.

The injured: B. M. Wilkerson, skull crushed, internal injuries, may die. Mrs. B. M. Wilkerson, internally injured, may die. Charles Whitman, city fire chief, left arm broken, right shoulder horribly lacerated, will recover. Mrs. Charles Whitman, skull crushed, will recover. Mrs. Maria Nash, bruised about head and body; extent of injuries not known.

The party had gone for a drive early in the evening through "Lovers' Lane," a famous drive, arched by heavy cotton woods which lean over the road and knit at the top. One of the big trees had split during the day and was gradually falling. The automobile passed safely under the falling tree, but before returning the heavy trunk had lowered itself nearer the ground. Returning at dusk, the automobile was running at a rate of 20 miles an hour, with side lights only. The top of the automobile struck the tree a terrific blow, one limb of the tree breaking the girl's neck. The party were thrown out of the car in all directions. Wilkerson and Lorene Whitman were pinned beneath the machine.

At the hospital tonight it was said that the condition of Mr. and Mrs. Wilkerson was very grave.

WILL CONTINUE

(Continued From Page One)

here, in spite of the efforts of city officials. Some 1,500 more women and children are due here within the next few days. Many are sheltered by the sheds of a disused lumber yard. Little shelter was provided by the news from Washington today that the government was to send tents from St. Louis, which will require at least three days. No instructions have been received at Fort Bliss, near here, to offer tents for the use of the American refugees.

U. S. Repeats Warning.

WASHINGTON, July 30.—Secretary Knox today officially informed Gen. Pascual Orozco, leader of the Mexican rebels, that the government of the United States would take preventive measures.

President Madero has been requested to send troops to northern Mexico. He has answered that troops are on the way and has expressed the belief that the trouble soon will be quieted.

There still is no thought of armed intervention by the United States in Mexico; on that point officials are positive.

What has been done is to repeat in more emphatic terms the injunction served on the Mexican government and upon Orozco himself on April 14 against mistreatment of American citizens and interference with American property in Mexico. As in the first instance, the state department is silent as to what will be done by the United States government if the warning is disregarded.

El Paseos Appeal to Congress.

Appeals to congress to take some action to relieve the condition of the American refugees from Mexico came in the form of nearly a score of telegrams from citizens of El Paso. Senator Fall of New Mexico, Senator Smoot and members of the house received messages.

Senator Fall may bring the matter up in the senate with a formal demand for some affirmative action on the part of the government, at least toward relieving the refugees.

The house passed the senate resolution authorizing the secretary of war to provide tents and temporary rations at El Paso. The provisions will be distributed through the military authorities there.

Warning Not Yet Transmitted.

MEXICO CITY, July 30.—The warning to Mexico, said to have been sent by the United States government, has not yet been conveyed through Ambassador Wilson. The ambassador, however, has sent to the Mexican foreign office, protesting against the situation in the Casas Grandes district, and has been assured that within a few days Mexico will be able to protect foreigners there.

Ambassador Wilson today notified Consul Fletcher in Chihuahua, that if he considered the situation there sufficiently grave to warrant such action, he must not hesitate to act upon instructions sent him some time ago, that in an emergency, Americans should be ordered out.

The reported threat of a massacre of Americans in the Casas Grandes district and the possible consequences, created a mild state of alarm among foreign residents in Mexico City.

General Angel Pena, minister of war, reported to the cabinet today that he could have 5,000 men in the district occupied by the Mormon colonies in the north within 48 hours.

STATE DELEGATIONS MAKE CHICAGO RESERVATIONS

CHICAGO, July 30.—Reservations for delegations from 19 states to the National Progressive convention were made today at downtown hotels, and Progressive leaders announced that before Saturday every state in the Union will have been heard from. Members of the committee on arrangements said the seat sale would amount to about \$25,000 or more.

DENVER PROGRESSIVES MEET

DENVER, July 30.—Progressives of Denver county held a largely attended meeting at a local hotel tonight, at which delegates were chosen to the state convention, which meets in Denver August 1. Many women attended

BANDITS HOLD UP STAGE; GET \$2,500

WILLIAMS, Cal., July 30.—The Williams and Bartlett Springs stage was held up today at Frim Grade, about 35 miles from Williams, the robbers obtaining \$2,500 in cash, besides much jewelry. The stage left Williams loaded with passengers. Few particulars have been received as the robbers cut the telephone wires near the scene.

HOUSE DEMOCRATS FORCE THREE TARIFF MEASURES BACK UPON THE SENATE

WASHINGTON, July 30.—With machinelike precision, the Democratic house today forced three tariff measures back upon the senate. They were the wool and sugar tariff revision bills, and the excise tax bill, and all were sent back with none of the senate amendments accepted.

On the wool bill no conference was asked. The house left it flatly on the senate, whether that branch desired to pursue the legislation further.

The senate tonight was in a quandary as to what program it would adopt in further consideration of the three bills. The regular Republicans were reported to be favorable to a plan whereby they would absent themselves from the chamber, thus giving the Democrats a chance to pass the measure and send them along for the presidential veto. The Republican "insurgents," however, opposed this scheme and insisted that the reconcilable differences be threshed out in conference.

Senate Democrats, enjoying the Republican disagreement, will seek to take advantage of it.

The wool tariff revision bill was the first taken up in the house today. Motions by Mr. Payne and Representative Crumpacker of Indiana, to concur in the senate amendments, were voted down, 159 to 78, and 152 to 86. The last named vote automatically rejected the senate changes.

Minority Leader Takes Exception.

Mr. Underwood next called up the excise tax measure, which he described as unamended, "the greatest piece of remedial legislation for the benefit of the masses of the people that had been enacted in a quarter of a century."

He charged the senate with having sought to kill the measure by tacking on as amendments the repeal of Canadian reciprocity and a provision for the continuation of the tariff board.

Minority Leader Mann took a sharp exception to Mr. Underwood. The reciprocity amendment was lost, 127 to 107, while that providing for the tariff board met the same fate, 139 to 98.

On this measure, Mr. Underwood asked that the senate be asked to confer with the house, and conferees were appointed.

The house free sugar bill was reached last. As amended by the senate, the measure provided for a duty of \$1.60 on sugar, a reduction of 30 cents per 100 from the existing rate. It also abolished the Dutch standard. Representative Payne defended the amended bill, and warned the Democrats that they were seeking to sign the death warrant of the best sugar industry in the country by taking off the duty. The house voted for a conference, 144 to 84.

CATHOLIC MARRIAGE LAW NOT CHANGED BY ORDER

WASHINGTON, July 30.—No change in the Roman Catholic church law relating to marriages of Catholics with non-Catholics in the United States has been made by the recent order of the pope affecting such cases, according to Mgr. Bonaventura Cerretti, secretary of the papal legation.

Mgr. Cerretti said today that the order as explained from Rome simply restored force to a provision of church law governing mix marriages in Germany and Hungary which had been suspended in the early nineteenth century. This provision allows priests to attend as a witness mixed marriages where the principals decline to follow church law. Mgr. Cerretti said that all provisions of the decree ne temere are still in force in the United States and England.

PROGRESSIVE CANDIDATE LEADS IN IDAHO RACE

LEWISTON, Ida., July 30.—Early returns from the Idaho primaries for the eight northern counties of the state show Paul Clagstone, Progressive candidate for governor, far in the lead. No figures are yet available. Burton L. French, candidate for congress, seems well in the lead, while Charles W. Beale and Addison T. Smith are running close for second choice as congressional candidates.

CLODBURST NEAR PINON

PUEBLO, July 30.—A clodburst near Pinon, 15 miles north of here, late today, caused the Arkansas river to overflow its banks east of here, causing much damage to crops in the vicinity of Nyburg and Fowler. A stretch of Denver & Rio Grande tracks was washed out. Streams tributary to the Arkansas also were in flood.

EMPEROR'S DEATH DOES NOT AFFECT BUSINESS

TOKIO, July 31.—The era of Taisho "great righteousness" has commenced. The era of Meiji intelligent administration, closed with the accession of Yoshihito.

The death of the emperor, while causing widespread grief, has had small effect on normal conditions here. There has been a remarkable absence of demonstrations, and aside from the closed banks and commercial houses, the crepe-bound flags at every entrance and evident signs of mourning by foreigners and natives alike, the nation moved along on its accustomed business.

Relatives Guard Body.

A special chamber in the palace has been arranged for the reception of the coffin containing the body of the dead emperor. It was surrounded throughout the day by the members of the royal family. The emperor and empress, the crown prince and princess, the sole guard and kept vigil, which will be maintained throughout the private lying in state prior to the funeral. This is expected to take place about September 1, although the exact date has not yet been determined.

Prominent Personages Call.

A company of imperial infantry surrounds the palace. Thousands of prominent personages called at the palace during the day. The Emperor Yoshihito was occupied today with business as usual.

Telegrams of sympathy are pouring in. The American ambassador, Charles Page Bryan, presented a message from Secretary Knox on behalf of the American people to the people of Japan. The home department has issued instruction for one year's mourning but it is understood that full mourning will be limited to 50 days in order to prevent disturbance of business.

DENVER, July 30.—Dr. A. L. Bennett, consul from Japan to Colorado, said today as soon as he is officially notified of the time for the funeral of the late emperor, arrangements will be made for fitting memorial services by the Japanese of Denver and other Colorado cities. All of the Japanese business houses in Denver are closed today and on the day of the funeral they will remain closed as well.

WASHINGTON, July 30.—President Taft, accompanied by his aide, Major T. L. Rhoades, called at the Japanese embassy today and expressed in person to Ambassador Genda his deep regret at the death of Emperor Meiji. The president today received the following cable message from Yoshihito, the new emperor of Japan:

"I am deeply touched by your sympathetic message and offer you my sincere thanks."

From the empress dowager, Haruko, the president received this message:

"I am deeply touched by your kind message. Pray accept my sincere thanks for the heartfelt sympathy so cordially expressed by you and Mrs. Taft on this sorrowful occasion."

ARIZONA PROGRESSIVES ELECT 15 DELEGATES

Platform Adopted by Convention Advocates Return to Principles of Jackson and Lincoln

PHOENIX, Ariz., July 30.—The state convention of the Progressive party, which was held here today resulted in the election of 15 delegates, with one-fifth of a vote each, to the national convention of that party in Chicago, August 5.

The delegates are: Walter Congdon of Blaine; W. O. Tuttle and Adolph Beatz of Globe; Robert S. Fisher, Dwight B. Heard, P. H. Hayes and George L. Young of Phoenix; Dan Worth of Kingman; Thomas Marshall and Ben F. Daniels of Tucson; E. E. Cummings and Paul Fernald of Nogales; Frank Townsend of Yuma; Willey Woodrow of Ray; and A. L. Irwings of Clifton. They were all bound by strict instruction to cast their votes for Roosevelt.

J. Fred Cleveland of Phoenix was unanimously elected national committeeman. Thomas D. Molloy and Donald Clingan were chosen permanent chairman and secretary, respectively, of the state organization.

The convention adopted a platform advocating a return to the principles of Jefferson and Lincoln; direct primaries for all officials, including the president and United States senators; their election by popular vote; Roosevelt's conservation policies; an amendment to the reclamation law; income and inheritance taxes; currency reform; initiative, referendum and recall; recall of judicial decisions; woman suffrage; good roads and the direct election of postmasters.

Resolutions were adopted declaring the present administration as being weak and vacillating in its policy toward Mexico.

SOMETHING DELICIOUS PRESIDENT'S CHILDREN ON A CAMPING TRIP

SPOKANE, Wash., July 30.—A special from St. Paul today states that Robert and Helen Taft, son and daughter of the president, soon will leave Beverly for a three weeks' camping trip to Glacier National park. They will be accompanied by several friends including Miss Martha Bowers, daughter of the late solicitor general of the United States, Lloyd W. Rovers, her brother and Miss Isabel Vincent, daughter of the president of the University of Minnesota. The party will be chaperoned by Mrs. Vincent.

BRYAN FACTION TRIUMPHS

GRAND ISLAND, Neb., July 30.—The W. J. Bryan faction triumphed this afternoon in the Democratic state convention to the extent that W. H. Thompson, a Bryan man, was elected chairman of the state committee over the present chairman, John C. Berne, who was a candidate for reelection. The vote was close, Thompson receiving 478 votes and Byrne 428.

THIRD PARTY CONVENTION IN MISSOURI, SEPTEMBER 3

KANSAS CITY, July 30.—A state convention of the Progressive party to nominate a full state ticket will be held in St. Louis, September 3. This was decided by the Progressive convention here shortly before midnight, after the adoption of a resolution providing for the placing of a full state ticket in the field.

ARIZONA GOVERNOR AND CONVICTS REACH CAMP

GLOBE, Ariz., July 30.—Governor Hunt, accompanied by Warden R. B. Sims of the Florence penitentiary and 30 "honor" convicts, who started overland at the penitentiary, arrived today at the probation camp in the Pinal mountains, where the prisoners will make their headquarters while working on the Globe-Ray road.

CANAL BILL SIDETRACKED

WASHINGTON, July 30.—The Panama canal administration bill was sidetracked in the senate today by other legislation. As the result of a conference participated in by President Taft, Secretary Stimson and a half dozen members of the house, it has been agreed that that body will not consent, without a fight, to the postponement of action on the free trade provision of the bill.

MEXICAN STOREKEEPERS CLOSE ACCOUNT TAXES

TIEDRAS NEGRAS, Mexico, July 30.—Increased taxes imposed by federal, state and municipal governments caused a majority of the retail dealers to close their stores here today, and tonight Tiedras Negras faces a famine. The taxes total 41 per cent on gross sales.

BRYAN CONTRIBUTES \$1,000

SEA GIRT, N. J., July 30.—Governor Wilson announced tonight that William J. Bryan had contributed \$1,000 to the Democratic national campaign fund. Mr. Bryan accompanied his check with a personal letter.

500 FEDERAL TROOPS DEFEATED BY REBELS

CASAS GRANDES, Chihuahua, Mex., July 30.—Federal troops, attempting to hunt in the rebels here and at Juarez, suffered their first defeat yesterday. Couriers coming overland from Ojitos, 50 miles west of here, declare the rebels who left here last week met and defeated the federals under Gen. Jose de la Luz Blanco. General Blanco is said to have had only 500 men, while the rebels numbered 2,000. The messengers said that Blanco's forces were driven back toward the Sonora state line to join General San Jines, who is advancing with the main body of federals.

Particulars of the battle are lacking, the couriers leaving before an organized investigation of the losses was made. Fighting continued through yesterday, the federals retreating under cover of night.

2,000 Seasoned Regulars.

It was reported to rebel leaders here that the main force of rebels moving from the south had reached Temosachic, 30 miles south of Madera. The federals are reported to number 2,000 seasoned regulars, led by Generals Rabago and Telles. As the rebel garrison at Madera numbers no more than that, and as this town practically was evacuated by the movement against General Blanco, it is probable that the federals will enter this district without an engagement. Eight hundred rebels are operating along the National railway between Juarez and Chihuahua, opposite this point. The Juarez garrison has been strengthened to 800 men by the movement of troops from here yesterday.

Will Give Federals Most Men.

When the army led by General San Jines crosses the Chihuahua line, the federal troops will outnumber the rebels in Chihuahua greatly.

Still another army of federals is moving along the line of the National railway from the City of Chihuahua.

The federals have suffered delay by having to remove the construction crew from its northern progress to repair the railway south of Chihuahua, which was destroyed by the dashing raid of 200 rebels into the federal territory. Nearly 2,000 laborers are in the construction crew, and they are guarded by 1,500 soldiers.

APPRISING HARRIMAN

ESTATE AS FAST AS CAN

ALBANY, N. Y., July 30.—The proceedings attending the appraisal on the estate of E. H. Harriman are being pushed with all possible speed by the state officials in charge of the tax department and it is expected that the work will be completed in September. The estate has already made a tentative payment of \$575,000 for the purpose of setting the five per cent rebate allowed under the transfer tax act, but it is estimated that the final settlement will net the state about \$2,000,000. The estate is one of four that will pay large sums into the state treasury within a few months.

The aggregate value of these estates

Hat Pins of Sterling Silver—Twenty-Five Cents

Here's a genuine bargain in a hat pin that every woman should appreciate. The pins are of handsome finish, with a flower design. Their attractive appearance gives no hint of the remarkably low price at which they are sold. Just the thing to wear on outings or picnics.

PRICE AGREEMENTS MOST SERIOUS INFLUENCES TO INCREASE COST LIVING

WASHINGTON, July 30.—Senator Burton of Ohio explained to the senate today the reasons which he holds responsible for the present high cost of living. The manifest and important causes, he said, were the phenomenal progress of recent years, the striking inequality of this progress in different lines of human endeavor and the tendencies to extravagance and waste and to diminished productive energy by a large part of the population.

"Neither the Payne-Aldrich tariff law or any other similar measure was responsible for the general high prices," he declared, "for the variations in prices have been so very considerable both in the way of increase and decrease as to disprove any inference that the change in prices has been due to the tariff of 1908 or to any other tariff act."

He exonerated the "trusts and large combinations of capital" declaring that a complete monopoly in any particular article affords a chance to increase its price, but that the same result is apparent when separate producers maintain an agreement as to prices.

"One of the serious influences tending to increase prices," he asserted, "is that of price agreements of various sorts. It was one of the purposes of the Sherman antitrust act to prevent practices of this sort; however, there can be little doubt that in fact this practice still continues."

Hiding Behind Patent Right.

Another "device" now resorted to to eliminate competition, he declared, was that of the "hiding behind the patent right." He referred to a recent supreme court decision under which the user of a patented article may be required to buy supplies of a certain make and pay the price imposed.

In regard to the progress of the age as a factor in high prices, Senator Burton said that "the conveniences and luxuries of one generation are regarded as necessities in the next. Even a humble standard of living is made possible which is beyond the fondest hope entertained by generations that have passed away."

Better homes, food and clothing; the desire for a wider outlook, which is afforded by a higher education and an insistent demand for leisure and amusement, were elements, he said, which were adding to the burden of life on the cost side, although aiding it in many other ways. He quoted figures showing a marked increase in the consumption of staple articles such as cotton, corn, sugar and so on, and then added that expenditures for luxuries showed a much higher percentage of increase.

The rapidly growing cost of government—national, state and municipal—was adding to the cost of life, he said, that expenditure of the federal government having increased 122 per cent from 1890 to 1910.

Cost of Land and Sea Defense.

"To these must be added," Senator Burton continued, "the oppressive burden of military and naval armaments, now involving a cost to the civilized nations of two billion dollars a year, an economic waste which imposes an almost insupportable burden upon the world's resources."

The expense of the naval establishment of the United States for the year 1910 was \$22,006,208; in 1910 it was \$12,173,717.

As to increase in municipal taxation rates, he quoted from New York statistics showing that the per capita tax rate there had increased 71 per cent from 1890 to 1910.

Speaking of the unequal progress in the different lines of endeavor that supply human wants, Senator Burton said that "it is evident that science, working through invention and improved methods, has not accomplished the same result in agriculture as in manufacture. Although considerable progress has been made in the transportation of agricultural products to the market and in preserving them for use, these pertain to transportation and to the middleman rather than to the original producers. Improvements in agricultural implements have been very considerable, but have wrought no revolution such as has been manifest in many processes of manufacture."

The diminishing supply of lumber in the face of unusual demand, he continued, has caused a rapid and continuous increase in the price of products of the forest.

As to extravagance and waste, he declared that it was the inevitable tendency in every progressive era.

None of the sewage of Berlin is allowed to empty into the river or canals of that city. It is all pumped through large pipes to the city sewage farms.

PITNEY RECEIVES TELEGRAM

MORRISTOWN, N. J., July 30.—United States Supreme Court Justice Mahlon Pitney today received a telegram from Gov. W. R. Stubbs of Kansas in which he asks that Justice Pitney hurry the decision in the application for a writ of error in the Kansas election fight so that the printing of the ballots will not be delayed beyond Friday of this week. The primary day in Kansas is next Tuesday. Justice Pitney replied that he would do his best to secure prompt action when the case came up on Thursday.

DENVER PASTOR APOLOGIZES

ROCKFORD, Ill., July 30.—Rev. G. A. Young, pastor of the Swedish church of Denver, last night gave a public apology to the congregation of the local Swedish church for his recent criticism of Rev. Gust F. Johnson, who is president of the Swedish church conference.

EXCURSION BOAT SINKS

BOSTON, July 30.—The bow of the steamer City of Rockland, sailing from the Kennebec river to this port with 200 vacationists, was stove in so badly in a collision today with the steam collier William Chisholm of New York that she sank to the guards.

The passengers were transferred to the Chisholm, but one of the boats was upended, en route, spilling 20 women into the sea. All were rescued. Later the westbound steamer Belfast took the passengers off the collier and landed them here.

Any person past the age of 16 years who wishes to dance at Dodge City must pay the city \$1 a year. The city commissioners met not long ago and passed an ordinance providing for a license fee of \$1 from all dancers, and further providing that no person under the age of 16 can attend a dance unless accompanied by a parent or guardian.

GIRLS RISK LIVES TO GAZE FROM DIZZY HEIGHTS.

Photograph of Miss May Phillips and her girl friend standing on a shaky scaffold in one of the miniature domes at the top of the new Woolworth building, now the highest building in New York, more than 100 feet above Broadway. In order to gain the distinction of being the first women to gaze over the city, the surrounding country and ocean, it was necessary for the girls to ascend steps in the floors on make-shift workmen's elevators, after which they had to climb the remaining sixteen stories by means of slender ladders.

BRITISH INQUIRY COURT GIVES TITANIC JUDGEMENT

Collision With Iceberg Due to Excessive Speed—Clears Ismay and Sir Cosmo Duff-Gordon

LONDON, July 30.—The judgment of the British board of trade court of inquiry into the disaster to the White Star liner Titanic, which sank in mid-ocean with 1,517 souls after collision with an iceberg on April 14, was pronounced today by Lord Mersey, the presiding judge, before a large audience.

The court finds that the collision with the iceberg was due to excessive speed at which the Titanic was navigating without proper watch, that the ship's boats were properly lowered, but that arrangements for manning them were insufficient; that the Leyland liner Californian might have reached the Titanic if she had attempted to do so; that the track followed was reasonably safe with proper vigilance and that there was no discrimination against third class passengers in the saving of life.

The court of inquiry exonerates J. Bruce Ismay, chairman and managing director of the White Star line and Sir Cosmo Duff-Gordon, one of the passengers, from any charges of improper conduct.

The judgment recommends more watertight compartments in seagoing ships, the provision of lifeboats for all on board and more efficient drills of the crew as well as better lookout.

Lord Mersey's judgment is a formal record document giving the history of the voyage and of the disaster, while the findings and recommendations of the court extend to great length. Much of the judgment is technical. In it there was no argument and no direct

FINANCIAL STATEMENT OF U. S. STEEL CORPORATION

NEW YORK, July 30.—The financial statement of the United States Steel corporation for the second quarter of the current year, ending June 30, was made public today. Earnings for the quarter totaled \$3,102,355 after deducting all expenses, amounted to \$1,842,384.

After deducting interest for the quarter on outstanding bond and payment of the regular dividends on the preferred and common shares, there is left a surplus for the quarter of \$56,483.

Small as this surplus is, it compared most favorably with the showing in the quarter immediately preceding, when only a small part of the common dividend was earned and it became necessary to take the greater part of the \$6,354,000 from the undivided surplus reported at the end of 1911.

Total earnings for the second quarter are greater than those of the first by \$7,275,292, while net earnings, or income, increased by \$6,320,879.

CHANGES IN GRAIN SUPPLIES

NEW YORK, July 30.—Special cable and telegraphic communications received by Bradstreet's show the following changes in available supplies of grain as compared with previous account: Available supplies wheat increased 171,000 bushels. United States west of Rockies decreased 336,000. Canada decreased 777,000. Total United States and Canada decreased 555,000. Afloat for and in Europe decreased 555,000. Total American and European supply decreased 1,755,000. Corn, United States and Canada, decreased 1,066,000.

HUNT MAN FOR ASSAULT

GRAND JUNCTION, Colo., July 30.—David Thompson, against whom serious charges have been preferred by three high school girls of Glenwood Springs, is believed to be in hiding in Grand Junction, and officers expect his arrest soon. Thompson is charged with having lured the girls to a house in the suburbs, where he kept them prisoners for several days. One of his victims is in a serious condition.

DENY WRECK REPORT

SALT LAKE CITY, July 30.—Reports early this morning that several persons were seriously injured in a collision of a Union Pacific passenger train with a freight train near Green River, Wyo., were denied by railroad officials today.

DEATH REPORTS IN DENVER MUST BE MADE MORE PROMPT

DENVER, July 30.—The health department at the city hall is determined that physicians must report deaths more promptly in future. A list of 26 came in yesterday, more than ever before reported in a single day before, and showing an average of over eight each day for the three days included between the earliest and latest in the list.

In the deaths reported yesterday were included the following: Consumption, 1; old age, 1; typhoid, 2; gastro-enteritis, 2; bronchitis, 1; pneumonia, 2; at birth, 1; heart disease, 1; peritonitis, 1; appendicitis, 1; asthma, 1; rheumatism of brain, 1; gunshot, 1; auto accident, 1; whooping cough, 1; promela, 1; other case, 1.

AUTO HIT BY A LOW TREE; GIRL IS KILLED

Five Other Roswell, N. M., People
Badly Hurt in Peculiar Accident.
Fire Chief's Daughter Victim

ROSSELL, N. M., July 30.—Lorene Whitman, 13 years old, daughter of Fire Chief Whitman, was instantly killed, two persons fatally injured, and three others seriously hurt this evening in an automobile accident in "Lovers Lane," just east of Roswell. The injured: B. M. Wilkerson, skull crushed, internal injuries; may die. Mrs. B. M. Wilkerson, internally injured, may die.

Charles Whitman, city fire chief, left arm broken, right shoulder horribly lacerated, will recover. Mrs. Charles Whitman, skull crushed, will recover.

Mrs. Mable Nash, bruised about head and body; extent of injuries not known. The party had gone for a drive early in the evening through "Lovers Lane," a famous drive arched by heavy cotton wood which lean over the road and knit at the top. One of the big trees had split during the day and was gradually falling. The automobile passed safely under the falling tree going out, but before returning the heavy trunk had lowered itself nearer the ground. Returning at dusk, the automobile was running at a rate of 20 miles an hour, with side lights only. The top of the automobile struck the tree breaking the girl's neck. The party were thrown out of the car in all directions. Wilkerson, and Lorene Whitman were pinned beneath the machine.

At the hospital tonight it was said that the condition of Mr. and Mrs. Wilkerson was very grave.

WILL CONTINUE

(Continued From Page One)

here, in spite of the efforts of city officials. Some 1,500 more women and children are due here within the next few days. Many are sheltered by the sheds of a disused lumber yard. Little cheer was produced by the news from Washington today that the government was to send tents from St. Louis, which will require at least three days. No instructions have been received at Fort Bliss, near here, to offer tents for the use of the American refugees.

U. S. Repeats Warning. WASHINGTON, July 30.—Secretary Knox today officially informed Gen. Pascual Orozco, leader of the Mexican rebels, that raids and attacks on Americans and American property in northern Mexico must be stopped immediately or the United States would take preventive measures.

President Madero has been requested to send troops to northern Mexico. He has agreed that troops are on the way and has expressed the belief that the trouble soon will be quieted. There still is no thought of armed intervention by the United States in Mexico; on that point officials are positive.

What has been done is to repeat in more emphatic terms the injunction served on the Mexican government and upon Orozco himself on April 14, against mistreatment of American citizens and interference with American property in Mexico. In the instance, the state department is silent as to what will be done by the United States government if the warning is disregarded.

El Pasoans Appeal to Congress. Appeals to congress to take some action to relieve the condition of the American refugees from Mexico came in the form of nearly a score of telegrams from citizens of El Paso. Senator Fall of New Mexico, Senator Smoot and members of the house, received messages.

Senator Fall may bring the matter up in the senate with a formal demand for some affirmative action, on the part of the government at least toward relieving the refugees. The house passed the senate resolution authorizing the secretary of war to provide tents and temporary quarters at El Paso. The provisions will be distributed through the military authorities there.

Warning Not Yet Transmitted. MEXICO CITY, July 30.—The warning to Mexico, said to have been sent by the United States government, has not yet been conveyed through Ambassador Wilson. The ambassador, however, has sent a note to the Mexican foreign office, protesting against the situation in the Casas Grandes district, and has been assured that within a few days Mexico will be able to protect foreigners there.

Ambassador Wilson today notified Consul Fletcher in Chihuahua, that if he considered the situation there sufficiently grave to warrant such action, he must not hesitate to act upon instructions sent him some time ago, that in an emergency, Americans should be ordered out.

The reported threat of a massacre of Americans in the Casas Grandes district and the possible consequences created a mild state of alarm among foreign residents in Mexico City. General Angel Pena, minister of war, reported to the cabinet today that he could have 5,000 men in the district occupied by the Mormon colonies in the north within 48 hours.

STATE DELEGATIONS MAKE CHICAGO RESERVATIONS. CHICAGO, July 30.—Reservations for delegations from 19 states to the National Progressive convention were made today at downtown hotels, and Progressive leaders announced that before Saturday every state in the Union will have been heard from. Members of the committee on arrangements said the seat sale would amount to about \$25,000 or more.

DENVER PROGRESSIVES MEET. DENVER, July 30.—Progressives of Denver county held a largely attended meeting at a local hotel tonight, at which delegates were chosen to the state convention which meets in Denver August 1. Many women attended.

KATMAI STILL SMOKING. SEATTLE, Wash., July 30.—Mail advices received from Seward, Alaska, say Katmai volcano, which was in violent eruption June 8, is still emitting dense clouds of smoke and to this is ascribed the cloudy weather which has prevailed in southwest Alaska since the first outbreak.

BANDITS HOLD UP STAGE; GET \$2,500

WILLIAMS, Cal., July 30.—The Williams and Bartlett stage was held up today at Frim Grade, about 35 miles from Williams, the robbers obtaining \$2,500 in cash, besides much jewelry. The stage left Williams loaded with passengers. Few particulars have been received as the robbers cut the telephone wires near the scene.

HOUSE DEMOCRATS FORCE THREE TARIFF MEASURES BACK UPON THE SENATE

WASHINGTON, July 30.—With machine-like precision, the Democratic house today forced three tariff measures back upon the senate. They were the wool and sugar tariff revision bills and the excise tax bill, and all were sent back with none of the senate amendments accepted.

On the wool bill no conference was asked. The house left it flatly on the senate, whether that branch desired to pursue the legislation further. The senate tonight was in a quandary as to what program it would adopt in further consideration of the three bills. The regular Republicans were reported to be favorable to a plan whereby they would absent themselves from the chamber, thus giving the Democrats a chance to pass the measure and send them along for the presidential veto. The Republican "insurgents," however, opposed this scheme and insisted that the reconcilable differences be thrashed out in conference.

Senate Democrats, enjoying the Republican disagreement, will seek to take advantage of it.

The wool tariff revision bill was the first taken up in the house today. Motions by Mr. Payne and Representative "Crumpacker" of Indiana, to concur in the senate amendments, were voted down, 159 to 73, and 172 to 58. The last named vote automatically rejected the senate changes.

Minority Leader Takes Exception. Mr. Underwood next pulled up the excise tax measure, which he described as, unamended, "the greatest piece of remedial legislation for the benefit of the masses of the people that had been enacted in a quarter of a century." He charged the senate with having sought to kill the measure by tacking on amendments the repeal of Canadian reciprocity and provision for the continuation of the tariff board.

Minority Leader Mann took a sharp exception to Mr. Underwood. The reciprocity amendment was lost, 127 to 107, while that providing for the tariff board met the same fate, 130 to 98.

On this measure Mr. Underwood asked that the senate be asked to confer with the house, and conferees were appointed. The house free sugar bill was reached last. As amended by the senate, the measure provided for a duty of \$1.60 on sugar, a reduction of 30 cents per 100 from the existing rate. It also abolished the Dutch standard. Representative Payne defended the amended bill, and warned the Democrats that they were seeking to sign the death warrant of the beet sugar industry in the country by taking off the duty. The house voted for a conference, 144 to 34.

CATHOLIC MARRIAGE LAW NOT CHANGED BY ORDER

WASHINGTON, July 30.—No change in the Roman Catholic church law relating to marriages of Catholics with non-Catholics in the United States has been made by the recent order of the pope affecting such cases according to Mr. Bonaventura Cerretti, secretary of the papal legation.

Mrs. Cerretti said today that the order as explained from Rome simply restored force to a provision of church law governing mix marriages in Germany and Hungary which had been suspended in the early nineteenth century. This provision allows priests to attend as witnesses mix marriages where the principal deity is Catholic.

Mrs. Cerretti said that all provisions of the decree nemere are still in force in the United States and England.

PROGRESSIVE CANDIDATE LEADS IN IDAHO RACE. LEWISTON, Idaho, July 30.—Early returns from the Idaho primaries for the eight northern counties of the state show Paul Cragston, Progressive candidate for governor, far in the lead. No figures are yet available. Burton L. French, candidate for congress, seems well in the lead, while Charles W. Beale and Addison T. Smith are running close for second choice as congressional candidates.

CLODBURST NEAR PINON. PUEBLO, July 30.—A cloudburst near Pinon, 15 miles north of here, late today caused the Arkansas river to overflow its banks east of here, causing much damage to crops in the vicinity of Nyburg and Fowler. A stretch of Denver & Rio Grande tracks was washed out. Streams tributary to the Arkansas also were in flood.

EMPEROR'S DEATH DOES NOT AFFECT BUSINESS

TOKIO, July 31.—The era of Taisho "great righteousness"—has commenced. The era of Meiji "intelligent administration" closed with the accession of Yoshihito.

The death of the emperor, while causing widespread grief, has had small effect on normal conditions here. There has been a remarkable absence of demonstrations, and aside from the closed banks and commercial houses, the crepe-bound flags at every entrance and evident signs of mourning by foreigners and natives alike, the nation moved along on its accustomed business.

Relatives Guard Body. A special chamber in the palace has been arranged for the reception of the coffin containing the body of the dead emperor. It was surrounded throughout the day by the members of the imperial family. The emperor and empress, the dowager empress and the imperial princes and princesses formed the sole guard and kept vigil, which will be maintained throughout the private lying in state prior to the funeral. This is expected to take place about September 1, although the exact date has not yet been determined.

Prominent Personages Call. A company of imperial infantry surrounded the palace. Thousands of prominent personages called at the palace during the day. The Emperor Yoshihito was occupied today with business of state.

Telegrams of sympathy are pouring in. The American ambassador, Charles Page Bryan, presented a message from Secretary Knox on behalf of the American people to the people of Japan. The home department has issued instructions for one year's mourning, but it is understood that this mourning will be limited to 30 days in order to prevent disturbance of business.

DENVER, July 30.—Dr. A. L. Bennett, consul from Japan to Colorado, said today as soon as he is officially notified of the time for the funeral of the late emperor, arrangements will be made for fitting memorial services by the Japanese of Denver and other Colorado cities. All of the Japanese business houses in Denver are closed today, and on the day of the funeral they will remain closed as well.

WASHINGTON, July 30.—President Taft, accompanied by his aide, Major T. L. Rhoades, called at the Japanese embassy today and expressed in person to Ambassador Chinda his deep regret at the death of Emperor Mutsuhito. The president today received the following cable message from Yoshihito, the new emperor of Japan: "I am deeply touched by your sympathetic message and offer you my sincere thanks."

From the empress dowager, Haruko, the president received this message: "I am deeply touched by your kind message. Pray accept my sincere thanks for the heartfelt sympathy so cordially expressed by you and Mrs. Taft on this sorrowful occasion."

ARIZONA PROGRESSIVES ELECT 15 DELEGATES

Platform Adopted by Convention Advocates Return to Principles of Jackson and Lincoln.

PHOENIX, Ariz., July 30.—The state convention of the Progressive party which was held here today resulted in the election of 15 delegates, with one-fifth of a vote each, to the national convention of that party in Chicago, August 5.

The delegates are: Walter Condon of Bisbee; W. G. Tuttle and Adolph Ratz of Globe; Robert S. Fisher, Dwight B. Heard, F. H. Hales and George L. Young of Phoenix; Dan Worth of Kingman; Thomas Marshall and Ben F. Daniels of Tucson; E. K. Cummings and Paul Fernald of Nogales; Frank Townsend of Yuma; Wiley Woodson of Ray; and A. L. Irving of Clifton. They were all bound by strict instruction to cast their votes for Roosevelt.

J. Fred Cleveland of Phoenix was unanimously elected national committeeman. Thomas D. Molloy and Donald Clingan were chosen permanent chairman and secretary, respectively, of the state organization. The convention adopted a platform advocating a return to the principles of Jefferson and Lincoln; disinterested primaries for all officials, including the president and United States senators; their election by popular vote; Roosevelt's conservation policies; an amendment to the reclamation law; income and inheritance taxes currency reform; initiative, referendum and recall; recall of judicial decisions; woman suffrage; good roads and the direct election of postmasters.

Resolutions were adopted declaring the present administration as being weak and vacillating in its policy toward Mexico.

SOMETHING DELICIOUS. As a spread, Bryant's Peanut Butter is unexcelled. At all grocers.

PRESIDENT'S CHILDREN ON A CAMPING TRIP

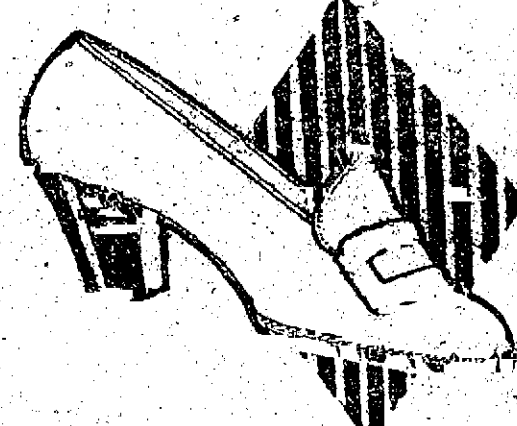

SPOKANE, Wash., July 30.—A special from St. Paul today states that Robert and Helen Taft, son and daughter of the president, soon will leave Beverly for a three weeks' camping trip to Glacier National park. They will be accompanied by several friends including Miss Martha Bowers, daughter of the late collector general of the United States, Lloyd W. Bowers, her brother and Miss Isabel Vincent, daughter of the president of the University of Minnesota. The party will be chaperoned by Mrs. Vincent.

BRYAN FACTION TRIUMPHS. GRAND ISLAND, Neb., July 30.—The W. J. Bryan faction triumphed this afternoon in the Democratic state convention to the extent that W. H. Thompson, a Bryan man, was elected chairman of the state committee over the present chairman, John C. Byrne, who was a candidate for reelection. The vote was 428, Thompson receiving 473 votes and Byrne 428.

THIRD PARTY CONVENTION IN MISSOURI, SEPTEMBER 3

KANSAS CITY, July 30.—A state convention of the Progressive party to nominate a full state ticket will be held in St. Louis, September 3. This was decided by the Progressive convention here shortly before midnight after the adoption of a resolution providing for the placing of a full state ticket in the field.

ST. PAUL, Minn., July 30.—The third party in Minnesota was launched today without a discordant note. Every congressional district was represented. There was a landslide from the Taft electoral ticket nominated last May to the Roosevelt ticket named today; John Runkquist of Duluth, representing the Ninth district, being the only one remaining; the others having resigned.

NEW HAVEN, Conn., July 30.—Boilers in the Progressive movement in politics met in mass convention today and chose 40 delegates to the Chicago convention, instructed for Roosevelt for president and voted that a state ticket should be placed in the field.

WOULD MAKE PURE DRUG MEASURE MORE STRICT. WASHINGTON, July 30.—A bill by Representative Stanley to define more specifically the terms "misbranded" as used in the pure food laws, was reported favorably today by the house commerce committee.

The measure would make it illegal to sell any drug under the name of some other article, make compulsory the printing of the quantity or proportion of alcohol, morphine or other narcotics in drugs offered for sale and prohibit the printing on labels of false curatives and therapeutic claims.

CLODBURST NEAR VICTOR. Victor, July 30.—Damage estimated at \$20,000 was caused by a cloudburst three miles north of here late yesterday. A 30-foot wall of water rushed down the canon carrying everything before it. A bridge on the Florence and Cripple Creek railroad, in course of construction, was washed out and hundreds of feet of the roadbed dropped into the raging torrent and was swept away.

DR. SUN YAT SEN TO ORGANIZE BIG BANK. SHANGHAI, July 30.—It is reported that Dr. Sun Yat-sen, General Huang Sing, who was minister of war in the provisional cabinet, have concluded negotiations for the establishment of a foreign and Chinese bank, with a capital of \$50,000,000. Their object is to checkmate the proposed foreign loan.

CARDINAL FISCHER DEAD. BONN, Rhenish Prussia, July 30.—Cardinal Anthony Hubert Fischer, archbishop of Cologne, died today after a long illness. He was born in 1834, and was created cardinal in 1908.

The Repairing of Watches

If you leave your watch for repairs and it is ready when it was promised, if it starts right off as if it meant business and keeps it up you know you have had the right sort of work put on it.

If you leave your watch here it will be ready when promised and you won't have to leave it but a few days. When you get it, it will run and run right. You won't have to bring it back three or four times and leave it each time.

G. O. P. STATE ASSEMBLY MEETS IN DENVER TODAY

The Republican state assembly to designate a state ticket and to name six presidential electors will meet in Denver this morning at 10 o'clock. There will be 80 delegates in the assembly. Of these 50 are from this county.

The delegates from this county are: E. W. Giddings, Irving Hoeber, Horace G. Lunt, Franklin E. Brooks, Clarence C. Hamlin, Miss E. C. Goddard, V. P. Egan, R. L. Lillard, Alex. Peterson, J. P. Sanford, David Elliot, Charles F. Fertig, F. F. Schuler, O. P. Gimes, A. W. Sparkman, George M. Irwin, John F. Morgan, J. R. Robinson, F. J. Bullard, R. M. Aitken, George H. Forster, H. H. Grafton, E. E. Nichols, R. L. Chambers, Leonard E. Curtis, Harvey McGarry, A. J. Starbuck, O. W. Bierbaum, W. H. Metz, F. G. Peck, Spencer Penrose, J. R. McKinnis, F. H. Macomber, E. W. Kent, F. T. Metzler, Willis A. Sims, Henry Sachs, H. T. Lowe, William Lennox, E. J. Ulrich, P. J. Ryan, Frank Work, J. F. Boynton, C. D. Taylor, A. C. H. Friedman, George F. Geiger, Arthur Cornforth, R. S. Brownlie, A. G. Sharp, Ous Thrashei.

TRACK REBUILT QUICKLY

Supt. M. L. Phelps of the Colorado Midland railroad and a gang of 250 workmen made record time in rebuilding the mile or more of track washed out recently near Pleasanton, constructing the new line between 6 p. m. Monday and 9 a. m. yesterday. The track was washed out Monday afternoon by a cloudburst which sent a four-foot wall of water down the canon.

TAX NOTICE

The last one-half of 1911 taxes were payable July 1st, 1912, and may be paid any day in July without penalty. Beginning the morning of August 1st, interest must be charged at the rate of 15 per cent per annum. The law provides that postal card notices of delinquent taxes shall be mailed after August 1st, 1912, and accordingly notices will be mailed from my office.

F. M. MAHAON,
County Treasurer.

Laws Committee K. C. Will Meet Here Today

The laws committee of the supreme court of the Knights of Columbus will meet here this morning to pass on rules and by-laws recommended for the order and to make out a report which will be presented to the supreme council at its annual meeting in Colorado Springs next month. Chairman Joseph Pelletier, district attorney of Suffolk county, Mass., arrived yesterday, and the other members of the committee, four in number, will arrive today.

Springs Streets Used As Model Civic Beauty

In the Saturday, July 27, issue of the Dallas (Tex.) Morning News, appears a three-column cut of a scene on Wood avenue, this city, in connection with a story on "Model Cities." The cut is used to show the effectiveness of middle parking in residence streets, and the story says Colorado Springs is one of the model cities. The cut was made from a picture sent out by the Chamber of Commerce some time ago.

You've only two weeks left now. Make your entries for the flower show as soon as you can.

POST CARDS ADVERTISING CARNIVAL GIVEN AWAY BY THE CHAMBER TOMORROW

Free postal card day comes tomorrow, and the Chamber of Commerce is prepared to give away one of the hand-somest in the summer series. The card this week is primarily intended to advertise the summer carnival August 27 to 29, and shows a band of the Indians in the Garden of the Gods. The photograph was taken here and shows Buckskin, a native of the entire bunch modeling in the trail with the great, red rocks as a background.

It is hoped that a large number of these will be sent out. The Chamber of Commerce has thousands of them and the visitors and citizens are welcome to them. They may be had by calling at the Chamber of Commerce, on the top floor of the Buick building.

This year a band of 750 will attend the Indian and carnival and there will not only dance amid the rocks and towers, presents to visitors in the springs but they will attend all public features of the week. Among the Indians will be the reservation baseball team.

Sending away the photographs gives the public generally a fine chance to advertise the carnival. A good many people can be induced to come out here on a late vacation trip if the right inducements are offered. Indians always are a source of entertainment, and no larger band has ever left the country. Colorado reservation team will be here the last week of August.

DEMOCRATS HOLD COUNTY ASSEMBLY HERE, 2 P. M.

The Democratic county assembly will meet this afternoon at 2 o'clock at the court house to designate a county ticket and elect delegates to the state, congressional and judicial assemblies. Chairman W. T. Christopher of the central committee will call the assembly to order.

GIVE CONCERT TONIGHT

A concert will be given this evening at 8:15 o'clock in the auditorium of the High school under the direction of Miss Harriet Little, instructor in music in the Teachers institute, assisted by other members of the faculty. The concert is free, and the public is invited. The program will be as follows:

Vocal Trio. Members of the Institute Reading—"The Play Box of the Western World." Miss Eleanor Davidson Group of Songs. Miss Harriet Little Reading—"The Princess and the Vagabond." E. A. "Cross of the State Teachers College Violin Solo. Mr. Richter of the Gunnison Normal Folk Dancing. Institute Girls under the direction of Miss Davidson Vocal Solo. Miss Little

OFFICIALS ARE COMMENDED

At the deferred annual meeting of the Colorado Springs Automobile club a few days ago, a resolution was passed commending County Commissioners Hutchinson, Banta and Madden, City Commissioners Lawton and Street, Foreman Briggs for their activity in road building. The men also were made honorary members.

DR. GROSS ALEXANDER TO PREACH HERE SUNDAY

Dr. Gross Alexander, one of the greatest of America's expository preachers, editor of the Methodist Review, published in Nashville, Tenn., and the Book Editor of the M. E. church, South, will preach morning and evening next Sunday at the M. E. church, South, of this city. He also will have part in the program Methodist day, August 6.

MANY DEER HERE

The presence of a herd of deer somewhere around the foot of the Peak is indicated by the fact that several have been seen recently on the Short Line tracks. The passengers on the "Cripple Creek via Petrified Forest" automobile line also saw one at a short distance from the road, not long ago.

Stratton Pavilion Dance

For the regular dance at Stratton park pavilion this evening, Director Fred G. Fink has arranged the following program:

Waltz—"Spring Beautiful Spring"
Two-step—"The Pioneer"
Waltz—"Gypsy Love"
Two-step—"The Juggler"
Waltz—"The Dollar Princess"
Two-step—"The Hayseed and the Coon"
Waltz—"The Girl in the Train"
Two-step—"Oh! Mr. Dream Man"
Waltz—"Alma"
Two-step—"If You Talk in Your Sleep"
Waltz—"The Red Mill"
Two-step—"Skeleton Rag"
Waltz—"Valse D'Amour"
Two-step—"Mammy's Shufflin' Dance"
Waltz—"Angel's Dream"

RETURNED MISSIONARY TO LECTURE ON KOREA

The Rev. J. Z. Moore, a returned missionary who spent seven years in Korea, will give the auditorium lecture at the First Christian church, tonight, taking Korea for his subject and describing the land, the people and the mission there. The lecture will be illustrated with 100 views. It is free to the public.

MODEL GARAGE OPENED BY PUBLIC RECEPTION

Held at New Blake Establishment

Admired by Numerous Friends and Intriguing Auto Dealer

A public reception was held at day yesterday at the new garage of the G. W. Blake Auto company, 131 North Nevada avenue. Mr. Blake wearing a smile that wouldn't leave off was welcomed by his many friends and visitors who came in immediately to see one of the "friends" and showing them over the most up-to-date garage in the Rocky Mountain region, and receiving their compliments. Each room was decorated with flowers as a token of the occasion.

The front of the building, except for the driveway is taken up by an exhibition and salesroom which is one of the best in the city. It is bright and well lighted. In the back of the salesroom are the offices and storeroom, the latter connected by elevator with the basement and the second floor. Here are located the pumps for gasoline and lubricating oil. There is also the latest design of measuring pumps, so arranged that they may be used by the city sewer of weights and measures, insuring the customer of getting correct figures. This is the only garage in the city equipped with measuring pumps for oil.

Back of the offices and stock room is the commodious store room for automobiles and to the rear of this is the vulcanizing department with a complete equipment for doctoring sick tires. Here also the charging apparatus for electric cars will be installed. In the basement is a store room for tires and other bulky goods, and also an air compressor used for compressing air for tires and the steam boiler used in connection with the vulcanizing machines.

Upstairs in the front of the building, is a ladies rest room which is sure to make this garage very popular with the lady automobilists. In the rear of the second floor is the shop and work room, the former is equipped with the very latest machines needed for repair work. Two lathes, a universal milling machine and a combined drill-press and vertical milling machine. The work room is large and roomy enough to enable the workmen to overhaul several automobiles at once without crowding. It is equipped with work benches and bench tools, and a portable crane. Numerous windows and skylights give unusually good lighting throughout the whole of this department.

Without exaggeration it may be said that this new garage is a credit to the city, especially as Mr. Blake was born and brought up here and has himself designed the building. Starting four years ago in a little shop in an alley he has rapidly built up his business until it demanded the magnificent quarters that it now occupies.

SEE THE PAPER

that we are selling for \$1.00 bumper on your walls. The Hedrick Wall Paper & Paint Co., 112 N. Tejon

MUST MAKE SQUARE TURNS

Hereafter vehicles will be compelled to adhere strictly to the traffic ordinance relating to the turning of corners. The part of this section of the ordinance that requires the most trouble for the traffic officer to enforce relates to turning corners to the left. When turning to the left at a street crossing the vehicle must keep to the right of the center of the crossing in other words, the driver must make a square turn, and not cut diagonally across.

Personal Mention

Mr. and Mrs. J. F. Thomas returned a few days ago from Los Angeles.

Kent Mitchell of Denver, a former Colorado college student, is visiting classmates in this city.

Miss Eleanor Holsten and Henry Hobson are guests at the Colonel Dodge ranch near Denver.

Miss Minnie Johnson of Denver is visiting her sister Miss D. J. Finkelshtein of 1724 North Tejon street.

J. H. Gillilan and family, 318 East Caramillo street are entertaining Mr. and Mrs. A. B. Spencer of Maquoketa, Ia.

Miss Anna Bishop of this city and Miss Julia Ingersoll of Denver are guests of Miss Helen Cannon in Grand Junction.

Mr. and Mrs. Donald Kennedy, accompanied by Miss Josephine Alexander, have gone to Denver on a few days' motor trip.

The Misses Ida and Emily Reisker of Denver, at present staying at 611 North Cascade avenue, walked up Pike's Peak yesterday.

Miss Dorothy Gillilan has arrived from Algona, Wis., and will spend several weeks with her father, J. R. Gillilan, and sister, Miss Irma Gillilan.

Mr. and Mrs. W. G. Smyser of Topeka, Kan., are now in Manitou for their third season and will remain until September at 142 Grand avenue. Mr. Smyser is a retired civil engineer.

Mr. and Mrs. E. C. van Diest and their daughters, Jessie and Alice, have gone to La Jolla, Cal. Mrs. van Diest and daughters will remain some time, but Mr. van Diest will return in the near future.

Miss Gladys M. Faus returned Sunday from a month's visit at the home of Miss Adelaide Wright, a school friend at Council Bluffs, Ia. Miss Wright accompanied her home to remain during August.

Mr. and Mrs. Henry Rulmont and daughter, 221 E. 13th street, have returned from a visit to the city of New York and Iowa.

Wilbur's FINAL SALE

THE final clearance of all summer goods takes place this week. An event that will attract bargain lovers from every section of the Pikes Peak Region. A list of sensational offerings, making prices so ridiculously low that we expect to take a big loss at the end of this sale. But we must have a stock clear of summer goods and are willing to take the loss to accomplish this end. Come in this week and look through the bargains. All prices in force during the week unless lots are closed out sooner.

N. B.—Sale merchandise will not be sent on approval and will not be taken back or exchanged after purchase. Nothing laid aside without sufficient deposit.

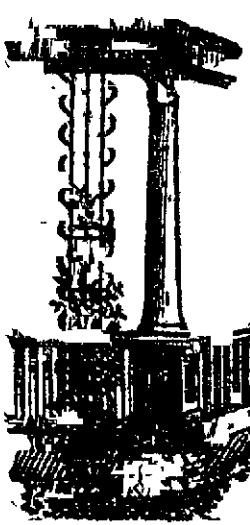

Refer to Sunday Gazette or Monday Telegraph for Prices

Extra Mr. Wilbur, who arrived in New York last Friday, has sent us some of the most sensational values in wearing apparel that we have ever had the pleasure of showing. We mention two items offered in connection with our great final sale now going on.

60 cloth coats Made of desirable medium and light weight fabrics, in stripes, mixtures and fancies. Nobby, stylish long coats suitable for cool days and evenings right now and for early fall use. They come in tan, gray, browns and other light effects and are regular \$12.50, \$15.00, \$17.50, \$18.50, \$20.00 and \$25.00 values, on sale this week at the remarkably low price **5.85** of each.

50 foulard dresses In all sizes and a variety of styles, in light, medium and dark effects. These dresses of grades that sell regularly at \$10.00, \$12.50 and \$15.00 each. In fact it would be impossible to buy enough material of this quality to make such garments for the special price on these dresses this week, each **4.85**

At The Theater

"The Wolf," at the Opera House, Matinee Today

JAMES HAWLEY, WITH GARRICK PLAYERS, NOW PLAYING "THE WOLF" AT OPERA HOUSE THIS WEEK.

A well-known theatrical man was heard to remark: "In 20 years of my career I must confess I never witnessed a more artistic first night performance offered by any stock company in Colorado Springs." "The Wolf" is a road attraction could boast of no better performance, nor was this piece staged as well by the road show that played here at top prices. The play is the dividing card at the Opera House and the Opera House has the play.

WHAT A NEW YORK MINISTER THOUGHT OF "THE PRINCE CHAP"

While "The Prince Chap" was being played in New York city, a well-known minister of Brooklyn witnessed the performance. He took occasion upon the Sunday following to say from his pulpit that a truer, purer or more compelling and uplifting sermon had never been preached to mankind.

The story of "The Prince Chap" is one of gentle laughter, sweetest sentiment and graceful romance with a big, broad current of heart interest running underneath it all. It tells the story of a young American, a sculptor who is in love and goes abroad to make a name for himself, that he may return and claim the girl he loves as his wife. In London he employs a widow of refinement as a model. She becomes seriously ill and appeals to

a backward season, and with competition, the Hawley company has continued to thrive, and for its splendid work deserves much credit.

No one will regret an evening spent at the Opera House with the Hawley company. The present performance of "The Wolf" being especially well worth seeing, and believed to have a most pleasant recollection of Colorado Springs.

The scenery for this production was built special and turned out to be a western production of real merit, as pointed out by scenic artist Frank Arnold. It is understood that Manager Faught is well pleased with the results and acknowledges to every member of the company in "The Wolf" that the company is playing the Hawley company on the road with "The Wolf" the coming season. The cast is unusually well fitted for this production. The story of the play is located in the Canadian woods, with Canadian woodsmen and other northern neighbors living in distant parts away from civilization. It is as much of an education as an amusement, and no mother should fail to attend the matinee with her children, James Hawley, in the leading comedy part, will be there to amuse the little ones and bring out their laughter in his usual clever manner.

"The Wolf" will be with us two more performances only today, matinee and night. Balance of the week, "Bosom Friend of Bowser."

John O'Neill, Jake Skinner, Dave Pendergast, Isaac Buckles, Charles Ryder, Merritt Merrill and Jack Madara are the boys who build the scenery for "Forty-five Minutes From Broadway." Tom Marx is the artist who painted the scenery. We are proud of them all. Tonight you may witness the show from a 25-cent seat or from the par-

ty on the road with "The Wolf" the coming season. The cast is unusually well fitted for this production. The story of the play is located in the Canadian woods, with Canadian woodsmen and other northern neighbors living in distant parts away from civilization. It is as much of an education as an amusement, and no mother should fail to attend the matinee with her children, James Hawley, in the leading comedy part, will be there to amuse the little ones and bring out their laughter in his usual clever manner.

act last night at 10:55. Now, that's a decent hour for any sort of a show. There are 235 parquettis and 302 dress-circle seats on the first floor of this theater. The former sell for half dollar and the latter for 35 cents for the Saturday matinee. Now, what does your good judgment dictate?

BEST TREATMENT FOR HAY FEVER

Ascatco in Successful Use Since 1904. Renders Climatic Change Unnecessary.

AFFORDS GREATEST RELIEF

Ascatco, the new specific for respiratory affections, now so widely used for the prevention and cure of hay fever, was first tested for this malady in the summer 1904, with most satisfactory results. During the following summer, 1905, the hay fever season was particularly severe, and it was at that time that Ascatco made its name as a trustworthy agent for the prevention and cure of this malady. Its increasing use each year testifies to the marvelous properties which enable it to keep nasal passages clear and permit free breathing and sound sleep. Taken before the attacks are due, Ascatco provides complete immunity from hay fever but even after the system is in the grip of the disease it will afford the greatest relief without the necessity for climatic change.

Ascatco may be procured, in two sizes, at 50 cents and \$2.00, of Robinson Drug Co., Red Cross Pharmacy, and other druggists. Be sure to obtain the free sample which will be sent by mail by the Ascatco Laboratory, 32 West 25th Street, New York City, to all who write for it.

quetter at 75 cents and feel that you were amply repaid.

AT THE MAJESTIC—UNITED STATES ARMY AND NAVY MANEUVERS—THREE-REEL FEATURE

It is not always that we have the pleasure in presenting to our many patrons a feature such as we are showing today—the maneuvers of the army and navy of this great United States, made by the Kineto company, under the direct supervision of the officers of the government. It should be of the greatest educational value, inasmuch as it shows phases of life of which the layman is but little familiar, the life of the soldier and sailor, those who protect us in the hour of danger, those who are ever ready and willing to fight for the glorious stars and stripes, the heroes of our country. Of course, the scenes thrown upon the screen are those of a peaceful nature, but the implements of war and their uses are in evidence, and the beholder is shown the mighty armament of their country. Also the Animated Weekly. Its better than a newspaper. All the news of the day in pictures. The music's good, you know it, the house is comfortable, the attendance polite, and the show is without question the best in the city.

THE MEXICAN BULL FIGHT AT THE SAVOY TODAY

The Savoy theater is presenting more genuine features than any show house in the city. Best fight pictures played to packed houses each night, and today the management will give as a special

one-day attraction a genuine Mexican bull fight, depicting all the cruelty which the Spanish people call sport. In fact, bull fighting is to the Spanish-speaking people what baseball is to the American people. Two other good features will be shown, also "The Poland Jews" and "Darkest Russia," both of which are historically correct and of such an educational nature that all should see them. The vaudeville is some of the best that has been put on yet. Allman and McGrath, in a black and tan oddity, introducing some very clever clog dancing; and so perfect is their imitation of a pair of happy, care-free dandies, that the audience is continually guessing whether they are white or black.

The admission for this big double bill is only 10 cents. Children, half price.

K. C. BALLOON ENTRANIS RACE HERE IN AUGUST

Pikes Peak region people have been taking a big interest in the balloon race out of Kansas City, that ended with the winner at Manassas, Va., the "Uncle Sam" having traveled 925 miles. Captain Honeywell, who piloted it, is to manage the same kind of a race to start here on August 28. He will bring with him A. R. Lambert, James T. Bemis and others of the St. Louis and Kansas City Aero clubs, who piloted in the late race.

This was the longest balloon trip that Captain Honeywell has ever made, although it was his one hundred and seventy-fifth ascent. He once traveled from Chicago to Sheffield, Canada, a distance of 875 miles, of which 350 miles was over four lakes.

An incident of Honeywell's ballooning career was in June, 1910, when, with William Assmann, he traveled from St. Louis into the mountains of Kentucky. The moonshiners took them for revenue agents and drove them to attempt several different landings. They were finally permitted to dismount at Bowen, Ky.

The three balloons that qualified in the Kansas City race for the international contest at Stuttgart, Germany, in October, will be started in the Colorado race. Honeywell stated, yesterday, that he could have traveled further, as he had the gas, but was afraid of going too close to the Atlantic ocean. The American record for distance now is held by Allan Hawley of New York, who traveled from St. Louis into the Canadian woods, a distance of 1,192 miles, in August, with any sort of luck, the American record should be lowered.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its prenatal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFORD REGULATOR CO., Atlanta, Ga.

NOTES FROM THE BURNS

Some matinee yesterday. Hundreds were turned away. Only one other matinee—Saturday. What's not to be sure about seats—Main box.

There isn't a dull moment in "Forty-five Minutes." There were over 1,000 at yesterday's matinee. Oh, yes, Saturday.

Theater goes who know say this is the best musical show of the year. There is but one criticism—prices too small for the amusement value given.

Well, that isn't such a bad fault when you come to think it over. It's a sure crowd getter.

Though people were turned away at yesterday's matinee to fill the theater on Saturday.

"The Prince Chap" is the kind of a play that makes better men and women and makes everyday life worth the living.

Justina Wayne will come into her own as "Candida" in "The Prince Chap" having made her Broadway appearance in that role.

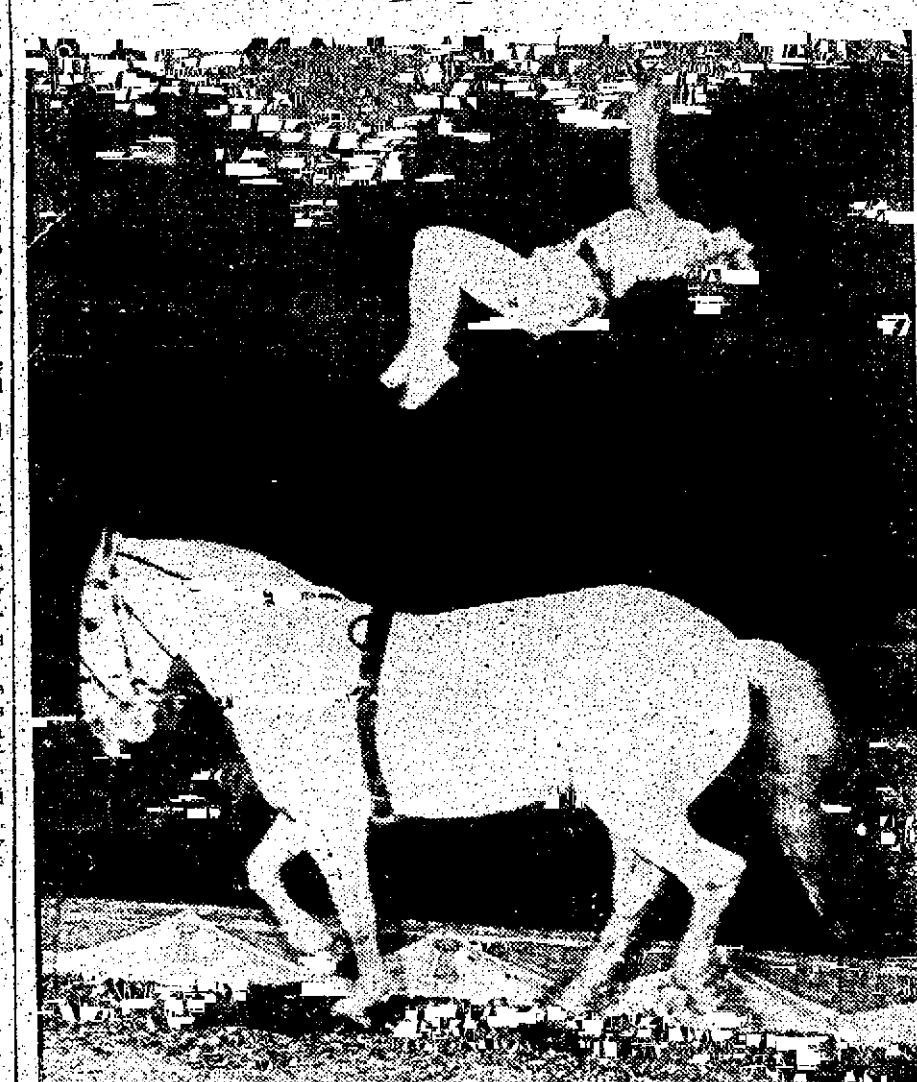

You change your viewpoint after a successful "Forty-five Minutes From Broadway" and it's good for you. The curtain was down on the Burn-

MAY WIRTH, Eighteen Years Old, Australian Saddle Rider With Barnum & Bailey, Her First in America.

At last the eternal desire for "something new" has been met by the Barnum & Bailey Greatest Show on Earth. Instead of the stereotyped professional pageant, which for years has served as an introduction for the circus proper, this year's program commences with a marvelous spectacle based upon the story of Antony and Cleopatra. The story is thrillingly told by means of grand ensembles, terraport scenes of pomp and circumstance, classic and historically correct music and wonderful stage devices. The wordless play begins with the historical meeting between Antony and Cleopatra, which has been sung in poetry and painted on canvas by the most talented masters. The scene becomes a mighty picture of military grandeur, in the midst of tropical beauty and the architectural triumph of Egyptian temples. Upon the arrival of Cleopatra with her retinue of attendants and slaves, and Antony, with staff of Roman generals, in the court of the palace, begins the historical banquet scene of feast and revelry, in which was accomplished the undoing of Antony and the betrayal of Rome. In absolute detail it has been carried out in a series of mighty stage pictures, correctly equipped with scenery and with giant colossal monuments, sphinxes, ancient tablets, pottery, tapestries, rugs, skins, banners, flags, drapery and all the superb appointments of the ages of Cleopatra. Many of the episodes devised by Cleopatra

Big League Managers Say Red Sox Will Win

Among baseball managers in the major leagues the consensus seems to indicate that the Boston Red Sox will capture Ban Johnson's pennant. Clark Griffith of the Washingtons and Connie Mack of the Athletics are not included, however. Each is firmly confident that his team will finish at the top of the heap. Griffith declares that the Washingtons will win more games during the present western trip than either the Red Sox or the Athletics. He predicts a slump for the Bostonians and says that the Mack men already have blown Mack on the other hand, hasn't given up the fight by any means. He holds the opinion that both the Red Sox and Senators are traveling far beyond their natural speed and are bound to run into a losing streak. Mack expects to make a tremendous finish, with Chief Bender, Coombs and Plank pitching in world's championship form. But the veteran manager admits that without Capt. Dan Murphy, the Athletics must battle under a serious handicap.

Noddy Trophy Tourney Will Re August 19

The annual lawn tennis tournament for the Clarence P. Dodge trophy, emblematic of the city championship, will be held on the Y. M. C. A. courts, corner of Cascade and Platte avenues, the week beginning August 19. The entrants will be limited to players living in Colorado Springs, but all local enthusiasts are invited to take part in the competition. The committee in charge consists of E. A. Russell, Frank Evans and Bruce A. Guerin and all entries should be sent to the Y. M. C. A. office, Main 134, to Russell, Main 950, or to Guerin, Main 104-107. A fee of \$1 will be charged. The entry list will be closed at 10 a. m. August 19, and drawings will be made at once. Play will begin at 2 p. m. of the same day. The play will be confined to singles and, in addition to having his name inscribed on the Dodge trophy, the winner will be awarded a handsome cup. Cups also will be presented to the runner-up and to the winner of the consolation. Don Knowlton of the Country club is the present holder of the city championship. The Dodge trophy tournament in the past has been held in September but the date was advanced this year so as to find tennis players at the top of their game. A large list of entries is expected, and among them will be Walter Carnall, winner of the consolation singles in the state championship tourney two years ago.

TO PLAY PRELIMINARY IN DENVER OWNED HORSE RUNS

LAKE FOREST, Ill., July 30.—W. T. Hayes and J. H. Winston of Chicago defeated W. J. Cloutier of Philadelphia and G. P. Gardner of Boston, in the semifinals of the preliminary national doubles, 6-4, 5-7, 8-10, 6-4, 4-6. M. E. McLoughlin of San Francisco and T. C. Bundy of Los Angeles, representing the Pacific coast, and W. T. Hayes and J. H. Winston of Chicago, representing the west, will battle in the final round of the preliminary national doubles, tomorrow afternoon, to determine who shall meet Raymond D. Little and Gustave Touchard at New York, August 20, for the title.

Cleveland	45	52	.464
New York	30	61	.328
St. Louis	29	63	.319

CHICAGO, 6; BOSTON, 5

CHICAGO, July 30.—Callahan celebrated his return to the game today by hitting the locals to a victory in the final game of the series with Boston. Callahan received word from President Johnson that his suspension had lapsed and he donned a uniform and drove in the first two runs with a triple. He counted the winning run by scoring on a triple after making a single. Brilliant fielding behind Walsh prevented the visitors from tying the score.

Score: R.H.E.
Chicago 6 3 0
Boston 5 1 1
Walsh and Kuhn; Hall, Pope, Carrigan, Redlett and Nunamaker.

Two-base hits—Wagner, Rath, Gardner. Three-base hits—Callahan, Redlett. First base on balls—Hall 4. Struck out—By Walsh, 5; Hall, 3; Redlett, 1.

DETROIT, 7; PHILADELPHIA, 6

DETROIT, July 30.—Detroit won out in the ninth when Duhon walked. Jones sacrificed, Bush singled, Cobb and Crawford were purposely passed, and Louden sent Bush home with the winning run in a long sacrifice fly. Both pitchers were hit hard.

Score: R.H.E.
Detroit 7 3 0
Philadelphia 6 1 3
Duhon and Stange; Houck and Lapp.

Two-base hits—Baker, Cobb. Three-base hits—Crawford, Stange. Double plays—Collins to Baker; Louden to Moriarty; Duhon to Stange to Moriarty. First base on balls—Duhon 5; Duhon, 5; Struck out—By Houck, 2; Duhon, 3.

ST. LOUIS, 5; NEW YORK, 1

ST. LOUIS, July 30.—St. Louis won from New York and broke even in the series with the easterners. Paddock's single, Hallman's error and a single by Davis formed New York's scoring combination. Paddock and Pratt featured in the field.

Score: R.H.E.
St. Louis 5 1 2
New York 1 2 2
Mitchell and Snell; Davis and Sweeney.

Two-base hits—Kutina, Shorten, Daniels, Snell. Double plays—Paddock (unassisted), Austin and Kutina. First base on balls—Mitchell, 5; Davis, 4. Struck out—By Mitchell, 4; Davis, 1.

BOSTON, 7; ST. LOUIS, 6

BOSTON, July 30.—Boston won from St. Louis today in a game that went 14 innings. The locals apparently had won easily in the regulation time, until Donnelly, who had pitched well, slipped up in fielding and St. Louis scored three runs and tied the score in the ninth. Taylor, who succeeded Donnelly, held the visitors safe, while Boston, in the fourteenth, won on Kennedy's single off Ruggan's sacrifice and Kling's single off Salley.

Score: R.H.E.
Boston 7 12 4
St. Louis 6 12 2
Donnelly, Taylor and Rariden; Harmon, Geyer, Willis, Salley, Wingo and Bresnahan.

Two-base hits—McDonald, Jackson, Magee, Campbell, Rariden. Three-base hits—Devlin. Double plays—Sweeney to Courtois to Devlin; Harmon to Kennedy to Taylor. First base on balls—Donnelly, 5; Taylor, 3; Harmon, 3; Geyer, 3. Struck out—By Donnelly, 3; Taylor, 2; Harmon, 2; Geyer, 2.

Speaking of the old days, do you know that I can get out there right now and play four field as well as anybody? It's the surest thing you know—but I can't hit the ball. I never was much of a hitter, anyway, but now the knack of connecting with the ball has left me entirely.

Anybody with a big mitt could have handled Rube Waddell, for instance, even though he had more speed than the average boxman. But he pitched just what the catcher signaled for and did not use the spitter at all. It's no cinch to catch such men as Rube Ford and Ed Walsh, for they use the spitter with the most puzzling variations.

The spitter is so much dead weight, and is difficult to catch, also to hit.

PITTSBURGH, 3; PHILADELPHIA, 2

PHILADELPHIA, July 30.—Pittsburgh won a 10-inning pitchers' battle between Adams and Rixey. The winning run was scored on Menner's single and Rixey's double.

Score: R.H.E.
Philadelphia 3 2 2
Pittsburgh 2 4 1
Rixey and Killefer; Adams and Gibson.

Two-base hits—Gibson, Adams, Lauerus, 1; Carey. Double play—McCarthy and Wagner. First base on balls—Off Adams, 3; Rixey, 5. Struck out—By Adams, 3; Rixey, 4.

NEW YORK, 10; CHICAGO, 4

NEW YORK, July 30.—New York easily won the last game of the series from Chicago. New York knocked Lavender out of the box in two innings and Smith was ineffective in the late innings. Mathewson was strong throughout.

Score: R.H.E.
New York 10 2 3
Chicago 4 3 3
Mathewson and Meyers; Lavender, Smith and Archer.

Two-base hits—Snodgrass, 1; Herzog, Hornum, Murray, 1; Dougan, 1; Fletcher and Merkle, 1; Doyle and Merkle. First base on balls—Off Lavender, 1; Smith, 3; Mathewson, 1. Struck out—By Mathewson, 4; Smith, 2.

CINCINNATI, 5; BROOKLYN, 4

BROOKLYN, July 30.—Cincinnati took the final game of the series from Brooklyn, 5 to 4, in 11 innings to do it. The teams squared for seven innings and then battled evenly up to the final, when Benton won his own game by scoring on his double and Marston's single. Mitchell's all-round play was the key to the victory. Mitchell, who pitched well, scored for a homerun and Ritzel's two triples were features. Manager Dahlgren was benched in the eighth.

Score: R.H.E.
Cincinnati 5 11 4
Brooklyn 4 12 6
Ragom, Stack and Miller; Ruggan, Benton and McLean.

Two-base hits—Benton, Moran, Smith, 2; Hummel. Three-base hits—Hobbs, 1; Hornum, 1; Whang. First base on balls—Off Ragom, 3; Suggs, 4; Stack, 1; Benton, 1. Struck out—By Ragom, 3; Suggs, 4; Stack, 1; Benton, 4.

BURNS TO COME BACK

CALGARY, Alberta, July 30.—Tommy Burns, ex-champion heavyweight pugilist of the world, announced tonight his intention to make an attempt to regain the title. Discussing an Associated Press dispatch quoting Jack Johnson, who won his title from Burns, he stated that he had permanently retired from the ring. Burns said:

"Now that Johnson has retired the title reverts to the white race, and I am prepared to defend it. Johnson says I gave him the toughest fight of his whole career."

Burns has been living in Calgary for the last year.

Chances of Nationals Depend Greatly on Pitcher Cashion

By J. ED GRILLO

CLEVELAND, July 30.—Realizing that the Nationals' chances for the pennant depended entirely on what sort of a showing the team may make on its present trip, Manager Griffith is decidedly anxious to have a pitcher who comes near the Walter Johnson mark to help out his pitching staff. He believes he has just such a man in Cashion, though, of course, it remains to be seen if he has had enough seasoning to make him reliable.

Cashion is slated to have plenty of work on this trip. He is down to pitch the first game of the double-header today, and on his showing in this game will depend just how often he will be used on the trip. Griffith, who knows

Brown Wants to Fight; No More "Joy" Rides

By ED CURLEY

"Knockabout" Brown is ready to return to the ring.

"And better me or not," piped the blond brawler, "I'm ready to fight, 'n' I'll go on a 'joy ride'."

For it was one of those ramblous events that scraped the fighter's shins, dented a few ribs and made him feel as if he was one of those regular patient medicines to be shaken well before you use 'em on your face in a knock.

Brown is on the hospital visiting list, and will not be out of that jurisdiction for a few days.

Then, chirped up Daniel Morgan, the silent manager, "Brown will be able to don the mitts and fight any lightweight in the world, starting with all right, and so does the line out to get to Johnny Coulton, the bantam champion. But the latter is bound to become a lightweight some day, and when that time arrives, and he things he can battle Brown, will only be too happy to give him a chance, providing he makes 135 pounds, and is willing to bet anything, from a nickel to a million dollars, that when he is ready to do this, I will post a suit."

able to fight, if my pal, McErick, has any loose change, but if the latter hasn't, then I think my word is good for a million, at least. You know I had a real live one today, but the feds are all closed, and I couldn't get the coin down. If I had I would have grabbed off 200 from men, which would come in handy."

After he was bound and gagged and only released when he swore to tell the truth and nothing but the solemn truth, Morgan continued:

"I have received a bona fide offer from Jim Coffey (who a regular fighter) to let Brown take part in three fights with Willie Ritchie, Joe Mandou and Joe Rivers. Jim wouldn't batter with Wolgast, for he knows the champ will not fight until the winter season, when a battle is to be fought during the middle of next month, but that is too soon, so in all probability the fightman and myself will trek to the coast shortly and carry off the first part of the engagement on Admission day, which is in the early part of September. You know the coast fans have never seen Brown in action, and are ready to do him."

That's all we wanted to hear.

In Tight Place Golfer Must Show Class Or Suffer Defeat

This match has made me properly shake," said James Baird, the famous professional, after a recent tournament. After the very close final round with Howard W. Perin for the Lynwood, Hall cup, Harold B. McFarland showed the same symptoms, and it is not to be wondered at. Every golfer must have felt the same fatigue of body and spirit after a tight match. For two hours or more you have struggled to gain or to keep a lead till at last both balls, perhaps, rest a yard or two from the hole on the last green, and "he may miss his, and I've got to hole mine" is the all-absorbing thought. Failure of nerve at such a moment may mean to you the loss of half a crown, or a silver cup which you don't care much about. This is not what you are playing for. You really want to be able to assure yourself that you can give Jones so many strokes and beat him, for that you are a better golfer than any man in the club on your handicap. On this account you are anxious enough to win. How anxious must the professional be. To him the missing of a short putt may involve the loss of some hundreds of pounds. It may damage his reputation as a coach or a clubmaker, and deprive him of engagements in exhibition matches. If a leading professional name does not consistently appear in the golf news of the daily papers a rumor goes around that So-and-so is not the man that he was, and he will be fortunate if the self-appointed critics do not dangle him of a somewhat disgraceful life.

The fact is that golf is a serious game, which requires the unremitting diligence of any man who would excel in it. This is one of the most difficult conditions which the game demands of an amateur. Apart from the difficulty of "dealing much" time to the game, the amateur, if he should happen to become four or five up in a friendly encounter with a man against whom he bears no ill will, is almost certain to show a little leniency toward his opponent. From that moment he is in danger of defeat. The other man is burning to avenge the loss of those holes. One player is carelessly confident; the other anxiously in earnest.

One Bad Shot Means Many.

One single shot negates a dozen bad ones. For nine holes it may appear impossible to miss a drive for the next nine holes to attempt to hit one. One bad shot of the Links will almost always undo your game. Make a bad shot and you are lost. It is a matter of fact that the professional shows such consistent form that it is a question which is often put, and the answer seems to be that they dare not make a slip. The amateur plus man is expected to make very few mistakes. The professional must not make one. The minor pro must often feel tempted to play down to a good customer whom they do not wish to disappoint by an overwhelming defeat, but the experienced player never makes such a fatal mistake. To him every good thing means a monetary loss. A careless stroke in a runaway practice match may cost him a future championship. The professional who values his reputation never takes liberties with his art. He cannot afford it. No matter how poor the play of his companions, he gives his best attention to the shortest putt. He is playing for a living.

"Baird," it has been said, "can expand when the necessity arises, but that is never when there is golf in the air. Of Baird it may truly be said that he is a golfer first and an ordinary human afterward." The most successful amateurs also seem to recognize the importance of complete concentration. "Hilton," says one writer, "goes at the game in a pillow-mattress way." A man who can win a whole day match after being pulled down from four up to all square, within sight of the last green, must possess that perfect concentration of courage and attention which is necessary to a perfect golfing temperament.

The personal element and its subtle appeal for pity does not enter much into the professional's game, where play is usually by strokes. Every time a pro steps on to the first tee he is out for a second. It is a matter of fact that he means to "do it."

There is little opportunity for generosity during a game of golf. The mind of each player as he moves from the tee is full of his own triumphs or troubles, past or to come. The man who attempts to discuss subjects in no way connected with golf during a match is either a novice or a knave who hopes to talk his opponent off his game. The clubhouse is the proper place for conversation, though the details of the best matches can never be expressed in words. We have much to enjoy in the quiet and retirement of our own thoughts.

Golf is essentially a game of thought, not action, an ideal exercise of "head" and brain. Now is the game lacking in true humor, not of the sod-shifting, club-breaking order affected by the comic papers, but spontaneous, characteristic and directly to the point.

Softer say that golfers walk after the ball like nuns at a funeral, but it is not in the nature of things to laugh and jump when setting out on a serious undertaking.

To beat your mate, that is what matters more than anything, for the moment. That is why it is impossible to let one's thoughts wander from the course. "I don't mind telling you that I hate to be beaten," said an old golfer the other day. "We all do, but it is only the bad who betray it."

Instantaneous Postum

Not to be outdone by the makers of other prepared coffees, the manufacturers of Postum now present their "Instantaneous Postum" which is made by merely adding hot water in the cup.
It is something new. It provides for those who like or ought to use a cereal coffee, a quicker and more convenient way of preparing it.
Two sizes of tins, 30c and 50c.

owned by Miss E. Massey lightning struck a telephone and a tree at Ivywild during the electrical storm last Monday. Miss Massey's property which was a total loss was insured for \$2,700 with W. W. Williamson.

FALSE ALARM A fireman working on a pole which carried the fire alarm wires, accidentally short-circuited them yesterday afternoon with the result that a false alarm was turned in from box N. 44 between 10 and 11 o'clock on Cucharas.

CONTINUOUS DEVOTION—Beginning with high mass at 7 o'clock Friday morning and continuing until the Sunday evening service of benediction Father Baber and Father Felix Abel will conduct 40 hours of devotional services at St. Mary's church.

SEVERELY BRUISED—The name of the boy who was hurt early yesterday morning by a fall from Rio Grande train No. 4 at Roswell proved to be Elmer B. Muller instead of W. G. Miller as he at first declared. The youth is 19 years old and hails from Providence, R. I. He escaped with severe bruises.

The Pikes Peak Floral Co., Retail Florists, 104 N. Tejon St. Main 599.

VISITORS FOR CLEANING and pressing garments of all kinds will find the Aracela Dyers and Cleaners phone M 715 the most satisfactory in quality, price and service.

Societies and Clubs

The Frances Willard W. C. T. U. will give the annual picnic for the Loyal Temperance league next Friday at Prospect lake instead of Thursday, the regular meeting day. An excellent program has been prepared and all interested are cordially invited to attend.

The A. O. T. Embroidery club will meet this afternoon with Mrs. Blohm in Monument park, at the end of Williamette avenue.

Duquesne council No. 12 Jr. O. U. A. M. will meet in G. A. R. hall tonight.
